

Additional screening questions for 2017 NSCG usability testing

What mobile devices, smartphones and tablets, could you bring to the usability session and what size are they?

How long have you used each of those devices?

In what year did you receive your Bachelor's degree?

Are you currently working in a science field?

Yes - What field are you working in?

Do you have any professional certifications?

Yes - What are those certifications?

(This is ONLY if we use eye tracking with glasses)

Do you wear corrective glasses?

Yes - Would you be able to wear contacts to the session?
