

Self Service

As of December 31, 2017, did this establishment offer a dedicated self-checkout lane for customers?

Yes

No

Question will be asked for 2017 NAICS: 444110, 445110, 445120, 446110, 452111, 452112, 452910, 452990

Pre-Ordering or Delivery Services

As of December 31, 2017, did this establishment offer pre-ordering or delivery services for customers?

Yes

No

Question will be asked for 2017 NAICS: 45110

Self Service

As of December 31, 2017, did this establishment use electronic devices for self-service table orders and/or payment (for example, through the use of a restaurant-provided electronic device at the table)?

Yes

No

Question will be asked for 2017 NAICS: 722410, 722511, 722513, 722514, and 722515

Retail Health Clinics

1. Does this establishment operate or lease space for a retail clinic? {Y/N}

{The next questions to be asked only of establishments that have a clinic }

2. What was the total revenue from patient-care services from this retail clinic? {round to nearest 000}

3. Does this establishment offer any of the following patient care services?

Check all appropriate boxes

- Flu shots
- Immunizations other than flu shots, such as travel immunizations
- Other preventive health care services, including biometric screenings or lab tests
- Mild acute care, for example diagnosis and treatment of sore throats or minor skin conditions
- Chronic disease screening, monitoring, and/or management for conditions such as hypertension, diabetes, high cholesterol, or asthma
- Behavioral health screenings to help identify common mental health conditions
- Weight management programs
- Pharmacotherapy management program, which may include delivery of medications and consultation to hospital patients
- Information on health insurance options
- Other patient services - *Describe* {write-in box}

4. Who operates the retail clinic?

Choose the best answer

- Operate own clinic
- Lease space to other business or health system that operates clinic
- Partner or jointly operate clinic with another business or health system

5. Which of the following does the retail clinic use?

Check all that apply

- Electronic health records
- ePrescribing
- Telemedicine
- Mobile coaching applications
- Interactive patient-interview software

6. What was the number of retail-clinic employees for the pay period including March 12, 2017?

7. What was the number of employees by occupation for the following types of employees for the pay period including March 12, 2017? The total should equal the number reported in {6}.

- Nurse practitioner
- Physicians' assistant
- Pharmacists
- Primary care physicians
- All other health practitioners
- All other employees
- TOTAL (Sum of lines 1-6 should equal {6})

Question will be asked for 2017 NAICS: 452111; 45211210; 45211220; 452210; 45291010; 45291020; 445110; 445120; 445210; 445220; 445230; 445291; 445310; 446110; 446120; 446191; 446199

Split between “Machinery and Equipment” and “Buildings and Other Structures”

Item 7. DEPRECIABLE ASSETS, CAPITAL EXPENDITURES, AND RETIREMENTS <i>Refer to the instruction manual for detailed instructions including how to report leasing arrangements.</i>	1992									
	Key	Buildings and other structures (exclude land, except item 9) (1)		Key	Machinery and equipment (2)		Key	TOTAL Sum of columns (1) and (2) (3)		
		Mil.	Thou.		Mil.	Thou.		Mil.	Thou.	Mark (X) if "0"
a. Gross value of depreciable assets (usually original cost) at beginning of year (exclude land)	339			340			341			
b. Capital expenditures for new buildings and machinery	342			343			344			<input type="checkbox"/> 0
c. Capital expenditures for used buildings and machinery	345			346			347			<input type="checkbox"/> 0
d. Retirements and disposition of depreciable assets (Gross value of assets sold, retired, scrapped, destroyed, etc.)	351	()	352	()	353	()	<input type="checkbox"/> 0
e. Gross value of depreciable assets at end of year (Should equal a+b+c-d)	354			355			356			

Question will be asked for NAICS: All manufacturing (31-33)

Water Use

As is standard, offer a *Mark 'X' if None* option for the two quantity questions.

1. What was this establishment's water intake in 2017, that is, the quantity of new water introduced into the establishment for the first time, regardless of source or quality?

Include water used in the production process and auxiliary operations (such as cooling and condensing, boiler feed, sanitary and domestic use).

_, ___, ___ ,000,000 gallons

2. What was this establishment's gross water use in 2017, that is, the quantity of water that would have been required if no water had been recirculated or reused?

For example, if total water intake was 500 million gallons and, of these 500 million gallons, 100 million gallons were used twice for cooling purposes and once for washing products or materials, the total water required would be 300 million gallons, plus the 400 million gallons not recirculated, for a total of 700 million gallons of gross water use (less consumption and evaporation loss).

_, ___, ___ ,000,000 gallons

3. What was this establishment's main source of new water in 2017? (Mark only one.)

- Public water system (publicly- or privately-owned utility, whose primary purpose is the supply of water to the general public and/or industrial users)
- Self-supplied water system (e.g., through its own system of pumps, pipes, hoses, etc.)
- Another source that is not primarily a water utility (i.e., a joint water supply system)

- Other sources (may include rainwater and truck deliveries)

4. (If checked public water system) Which of the following was this establishment's public water system? (Mark only one.)

- Potable
- Reclaimed wastewater

5. (If checked self-supplied water system) Which of the following was the source of this establishment's self-supplied water system? (Mark only one.)

- Rivers, streams, lakes, etc.
- Wells, deep springs, etc.
- Estuaries, bays, oceans, etc.
- Mine water (e.g., underground mines, quarries, open pits, or other surface mining operations)
- Water produced with oil
- Other (Please specify: _____)
