B. Collections of Information Employing Statistical Methods

This collection of information does not employ statistical methods. The data collection is mandated by 42 CFR 71.54. The importation of infectious biological agents, infectious substances, and vectors are regulated by 42 CFR 71.54 and requires that the importation of such materials must be accompanied by a permit issued by CDC.

1. Respondent Universe and Sampling Methods

Not applicable because this collection of information does not employ statistical methods, as described above. All importers of biological agents, infectious substances, and vectors must submit these forms to CDC.

2. Procedures for the Collection of Information

All forms are available on the CDC Import Permit website
<http://www.cdc.gov/od/eaipp/importApplication/>.

3. Methods to Maximize Response Rates and Deal with Nonresponse

Any person violating any provision of 42 C.F.R. Part 71 shall be subject to a fine of not more than \$1,000 or to imprisonment for not more than 1 year.

4. Tests of Procedures or Methods to be Undertaken

CDC has not conducted any tests of procedures.

5. Individuals Consulted on Statistical Aspects and Individuals Collecting and/or Analyzing Data

Individuals from CDC who worked together to develop the common data collection instruments are listed below:
