Privacy Act Information

Executive Order, 9830 and 5 CFR 339.301 authorizes collection of this information. The primary use of this information is to determine medical suitability to qualify for a position that has specific medical standards, physical requirements, or is covered by a medical evaluation program established under these regulations. Furnishing this information is mandatory because such information is part of the basic qualifications for the position. If this information were not provided, the applicant would fail to meet the qualifications for the position.

Additional disclosures of this information may be: To the Department of Labor when processing a claim for compensation regarding a job connected injury or illness; to Federal Life Insurance or Health Benefits carriers regarding a claim; to another Federal agency; to a court, or a party in litigation before a court or in an administrative proceeding when the government is a party or when the agency deems it to be relevant and necessary to the litigation; to a Federal, State, or local law enforcement agency when such agency becomes aware of a violation or possible violation of civil or criminal law; to a Federal agency when conducting an investigation for employment or security reasons; to the General Services Administration in connection with responsibilities for records management.

Paperwork Reduction Act Notice

This information collection request is in accordance with The Paperwork Reduction Act of 1995. The purpose of this information is to determine whether or not an applicant is actually qualified for the position. The information will be initially used to make a recommendation on either hiring or not hiring an applicant or retaining an individual in a special agent position.

The estimated average burden associated with this collection of information is 45 minutes per respondent or recordkeeper, depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be addressed to Reports Management Officer, Document Services Branch, Bureau of Alcohol, Tobacco, Firearms and Explosives, Washington, DC 20226.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
