CDFI Bond Guarantee Program

Guarantee Application FY 2014

Introduction

Under the CDFI Bond Guarantee Program, a Qualified Issuer that wishes to apply to the CDFI Fund for a Guarantee must submit a Guarantee Application in the form and with the substance that is described herein. A Qualified Issuer must provide all required information in its Guarantee Application to establish that it meets all required criteria to receive a Guarantee and can carry out all Guarantee requirements including, but not limited to, information that demonstrates that the Qualified Issuer has the appropriate expertise, capacity, and experience and is qualified to make, administer and service Bond Loans for Eligible Purposes. The Guarantee Application includes a Capital Distribution Plan, as well as a Secondary Capital Distribution Plan for each Eligible CDFI, among other items. The Guarantee Application must demonstrate that the Qualified Issuer and the proposed Eligible CDFIs have a feasible plan to successfully repay the Bond (including principal, interest, and call premiums) and Bond Loans according to their respective terms, to the satisfaction of the CDFI Fund.

After receipt of a Guarantee Application, the CDFI Fund may request additional, clarifying, confirming or supplemental information on the materials submitted as part of the Guarantee Application.

In order to understand the CDFI Bond Guarantee Program and the roles and responsibilities of the Qualified Issuer, interested parties should review and become familiar with the regulations that govern the program, set forth at 12 C.F.R. 1808 (the Regulations). In addition, Applicants should review and become familiar with the Notice of Guarantee Availability (NOGA) published with respect to FY 2014 Qualified Issuer Applications and Guarantee Applications. The Regulations and NOGA may be found on the CDFI Fund's website as www.cdfifund.gov. Capitalized terms in the Guarantee Application are defined in the Regulations.

For purposes of the Guarantee Application, the term "Applicant" also refers to the Qualified Issuer, any Affiliates and third-party entities (i.e., the Program Administrator and the Servicer) that seek to participate in performing the duties of the Qualified Issuer under the proposed Guarantee, as well as each Eligible CDFI that is proposed to participate in the Bond Issue.

Guarantee Applications may be submitted concurrently with Qualified Issuer Applications. However, the CDFI Fund will not recommend a Guarantee Application for approval until it has determined that the entity proposing to serve as the Qualified Issuer meets the requirements of the Regulations.

The Guarantee Application must contain all required documentation. In addition to information regarding the Qualified Issuer (and its Program Administrator and Servicer), certain documentation must be submitted with regard to each proposed Eligible CDFI.

This document provides the format, document organization, naming conventions, and description of requested documentation for Qualified Issuers and Eligible CDFIs to be submitted as part of the Guarantee Application. The Guarantee Application must follow the standardized naming conventions and file organization detailed below.

Under the Paperwork Reduction Act (44 U.S.C. chapter 35), an agency may not conduct or sponsor a collection of information, and an individual is not required to respond to a collection of

information, unless it displays a valid Office of Management and Budget (OMB) control number. Pursuant to the Paperwork Reduction Act, the Guarantee Application has been assigned the following control number: 1559-0044. Expiration Date: 12/31/2013.

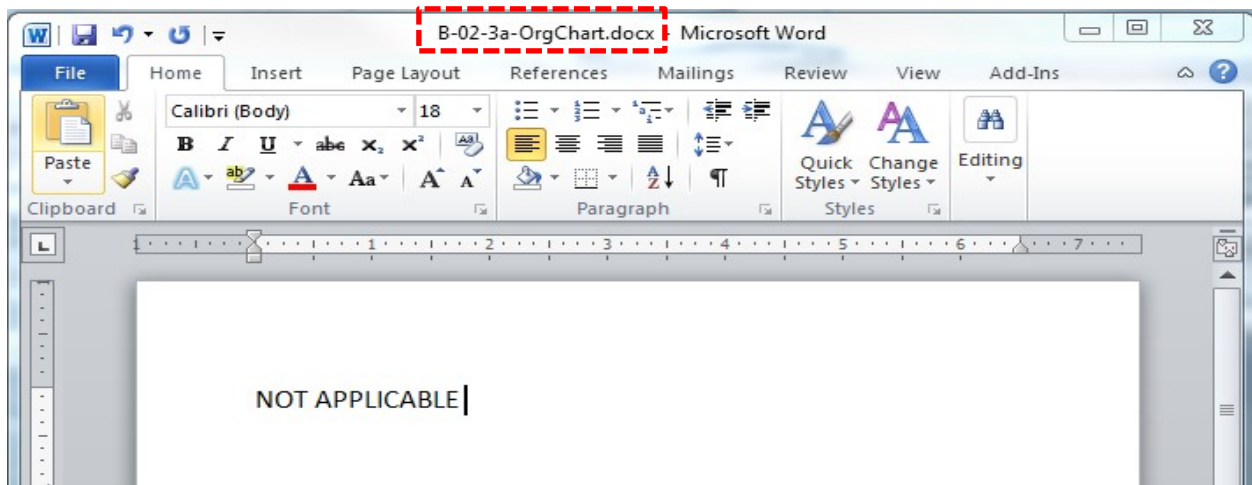

Document Format

Documentation should be submitted in Microsoft Word, unprotected Microsoft Excel, Adobe PDF, or other mediums as appropriate. Narratives must be submitted in Microsoft Word format in single-spaced, 12 point Arial or Times New Roman font. **Please follow the file naming conventions and descriptions listed in this document.**

Missing or Not Applicable Documentation

If a specific document is not applicable or otherwise not available, the Applicant must submit a placeholder file stating that the requested document is “Not Applicable”, as appropriate, in place of the file. The placeholder file must retain the naming convention of the respective file it was meant to replace. See Figure 1 for an example.

Document Organization and Submission

NOTE: both the Qualified Issuer Application and each of the “Guarantee Application-Eligible CDFI Portion(s)” must be submitted before the “Guarantee Application- Qualified Issuer Portion” can be submitted.

Applications will be submitted via the MyCDFIFund portal and all documents must be uploaded according to a specified file structure. Guarantee Application submission is first divided into a Qualified Issuer (QI) portion and one or more Eligible CDFI portions. Organizations that do not currently have MyCDFIFund accounts must register their organization and assign a user

according to the instructions found on www.cdfifund.gov/MyCDFI. Eligible CDFIs may consider granting the Qualified Issuer access as a user to their organization so that the QI can monitor the progress of the application process. Once completed, the applicant can login to their account and choose “Guarantee Application- Qualified Issuer Portion” or “Guarantee Application- Eligible CDFI Portion” from the list of possible applications. X

The files for the Qualified Issuer of the proposed Bond Issue should be uploaded under the application entitled “Guarantee Application- Qualified Issuer Portion” and the files for each Eligible CDFI should be uploaded separately under “Guarantee Application- Eligible CDFI Portion.” The files for the Qualified Issuer should be titled “QI Name-Section-File” (e.g.: QI-6-Credit Enhancement). Each Eligible CDFI within the proposed Bond Issue should have its own dedicated set of files which should be titled “Name of Eligible CDFI-Section-File Name” (e.g.: CDFI Name-1-TOC). .

Begin with the Eligible CDFI portions of the Guarantee Application.

Carefully follow the instructions found on MyCDFIFund, and upload the application documents following the naming conventions and descriptions listed below in this document. Applications will be submitted via the MyCDFIFund portal and all documents must be uploaded according to the specified file structure.

NOTE: MyCDFIFund cannot accept files larger than 15 megabytes. If any files such as PDFs are larger than 15MB, please save and upload the files in multiple parts.

The Eligible CDFI's portion of the application process is completed by submitting a "Signature Page". You will not be able to make any edits to the application materials unless requested to do so by the CDFI Fund. Once the Signature Page has been submitted, print a copy of the Submission Status Page, which will include your Eligible CDFI Control Number and retain this for your records. You will need to give the Eligible CDFI Control Number to your Qualified Issuer for it to submit the Signature Page associated with its portion of the Guarantee Application.

The Eligible CDFI Control Number follows the format ##-BGC-#####.

Once the Qualified Issuer has all of the Eligible CDFI Control Numbers for each of the CDFIs that are part of the proposed pool, the Qualified Issuer can complete its portion of the Guarantee Application. The Qualified Issuer will use the MyCDFIFund interface to upload the Eligible CDFI Control Numbers and associate those entities with the proposed pool. See the figure below.

Figure 3: Screenshot of E-CDFI Control Number Interface

The screenshot displays the MyCDFIFund web application interface. At the top, the user is logged in as Scott Bowers. The main navigation bar includes 'Home', 'Organization Profile', and 'Organization Applications'. The left sidebar contains a menu with 'Introduction', 'Contact Information', 'Eligible CDFIs' (selected), 'Upload Documents', and 'Submit and Print'. The central content area is titled 'Guarantee Application- Qualified Issuer Portion' and features a sub-section 'Eligible CDFI Applications'. This section provides instructions for adding CDFI applications and shows a list of two test organizations with their respective control numbers and checkboxes.

The entire application process is completed by submitting the Qualified Issuer's "Signature Page". You will not be able to make any edits to the application materials unless requested to do so by the CDFI Fund. Once the Signature Page has been submitted, print a copy of the

Submission Status Page, which will include your Qualified Issuer's Control Number and retain this for your records.

The Control Number for the overall Guarantee Application follows the format ##-#-BG-#####.
