## Welcome

As part of the Customs and Border Protection (CBP) comprehensive effort to improve the security of our nation's borders while enhancing legitimate travel specifically for boaters who are enrolled in the Local Boater Option (LBO) program and prospective participants, CBP has implemented the Small Vessel Reporting System (SVRS); available to all U.S. citizens, nationals and lawful permanent residents; Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country. SVRS is a web-based automated on-line reporting system created for LBO participants to expeditiously report their intended arrivals from foreign. In addition, the web-based system will facilitate the enrollment of new applicants for SVRS. New applicants will be able to enroll and make an appointment for a face-to-face interview with a CBP Officer at an authorized reporting location of their choosing. Once participation in SVRS is granted by CBP, the participant will receive an email with their SVRS number and instructions for setting their initial password for SVRS. **Current LBO participants must apply on-line for a password to access the float plan functions of SVRS.**

Float plans consist of biographical information of all persons intending on traveling, vessel registration information and itinerary information. Once a float plan is entered and activated, SVRS will issue a float plan number. Upon return to the United States, the SVRS participant will contact an SVRS dedicated telephone line manned by a CBP Officer or an automated attendant. The CBP Officer or automated attendant will ask a series of questions reflecting those on a Customs Declaration (CBP Form 6059B) and provide the participant with their arrival number, or refer the participant to a predetermined inspection site for a CBP inspection. Persons traveling who are not SVRS members must report to their nearest CBP Office for immigration processing within 24 hours of arrival.

### SVRS Eligibility:

All U.S. Citizens, nationals and lawful permanent residents; Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country are eligible to participate. Both masters and passengers will be allowed to register; the master will be required to provide vessel information. The registrant's documentation will be reviewed and verified to establish the applicant's immigration status and identity.

Small Vessel Reporting System Application Wizard

Welcome

As part of Customs and Border Protection comprehensive effort to improve security at our nation's borders while enhancing legitimate travel, including private boaters, CBP has implemented the Small Vessel Reporting System (SVRS). Enrollment in SVRS is voluntary, free of charge, and will facilitate your clearance procedures. This program will allow participants, under certain circumstances, to telephonically report the arrival of the vessel, make customs declarations for any imported good, and submit necessary additional information for immigration inspection purposes. Enhancements to the program set to deploy in 2011 include voluntary web-based pre-departure filing of requisite vessel reporting information in the form of a float plan. This will further expedite the program by allowing vessel masters to report their arrival via a web-enabled telephone or through an automated phone system alleviating call wait times. All U.S. citizens, nationals and lawful permanent residents; Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program (VWP) country are eligible to participate. Both masters and passengers will be allowed to register; the master will be required to provide vessel information.

In order to participate in SVRS the registrant must make an appointment for a face-to-face interview with a CBP Officer at an authorized reporting location of their choosing. Once participation in SVRS is granted by CBP, the participant will receive an email with their SVRS number and password for SVRS. The following authorized locations are available for a face-to-face interview by CBP:
