**RETRIEVABILITY:**

Records may be retrieved by name or other (alphanumeric) personal identifier.

**SAFEGUARDS:**

Records in this system are safeguarded in accordance with applicable rules and policies, including all applicable DHS automated systems security and access policies. Strict controls have been imposed to minimize the risk of compromising the information that is being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances or permissions.

**RETENTION AND DISPOSAL:**

CBP has established a 15-year retention schedule beginning on the last date of the record entry or update, and plans to submit this schedule to NARA for approval.

**SYSTEM MANAGER AND ADDRESS:**

Director, Information Systems, U.S. Customs and Border Protection, Office of Air and Marine, Air and Marine Operations Center, Riverside, California.

**NOTIFICATION PROCEDURE:**

The Secretary of Homeland Security has exempted portions of AMOSS from the notification, access, and amendment procedures of the Privacy Act because it is a law enforcement system. CBP will, however, consider individual requests to determine whether or not information may be released. Moreover, no exemption shall be asserted with respect to information maintained in the system as it relates to aircraft data collected from the FAA, aside from the accounting of disclosures with law enforcement and/or intelligence agencies pursuant to the routine uses in this SORN. Thus, individuals seeking notification of and access to any record contained in this system of records, or seeking to contest its content, may submit a request in writing to the CBP FOIA Officer, whose contact information can be found at <http://www.dhs.gov/foia> under "contacts." If an individual believes more than one component maintains Privacy Act records concerning him or her the individual may submit the request to the Chief Privacy Officer and Chief Freedom of Information Act Officer, Department of Homeland Security, 245 Murray Drive SW., Building 410, STOP-0655, Washington, DC 20528.

When seeking records about yourself from this system of records or any other Departmental system of records your request must conform with the Privacy Act regulations set forth in 6 CFR part 5. You must first verify your identity, meaning that you must provide your full name, current address, and date and place of birth. You must sign your request, and your signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov> or 1-866-431-0486. In addition you should:

- Explain why you believe the Department would have information on you;
- Identify which component(s) of the Department you believe may have the information about you;
- Specify when you believe the records would have been created; and
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records.

If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without this bulleted information the component(s) may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.

**RECORD ACCESS PROCEDURES:**

See "Notification procedure" above.

**CONTESTING RECORD PROCEDURES:**

See "Notification procedure" above.

**RECORD SOURCE CATEGORIES:**

Records containing PII are obtained from the following sources:

- (1) Aircraft registration and owner information from the publicly available FAA Registration Database;
- (2) Airport manager contact information, which is contained in a larger download of airport and aeronautical navigation data obtained from the FAA National Flight Data Center;
- (3) Suspect information entered into the AMOC watch or event track logs received from other CBP personnel or law enforcement agencies; and
- (4) Information from members of the public who call in to report suspicious activity to a tip line.

**EXEMPTIONS CLAIMED FOR THE SYSTEM:**

No exemption shall be asserted with respect to aircraft data collected from the FAA that is maintained in AMOSS. However, this FAA data may be shared with law enforcement and/or intelligence agencies pursuant to the above routine uses. The Privacy Act requires DHS maintain an accounting of the disclosures made pursuant to all routine uses. Disclosing the fact that a law enforcement or intelligence agency has sought particular records may affect ongoing law enforcement or intelligence activity. As such, pursuant to 5 U.S.C. 552a(j)(2), DHS will claim an exemption from subsections (c)(3); (e)(8); and (g)(1) of the Privacy Act of 1974, as amended, as is necessary and appropriate to protect this information. Further, DHS will claim exemption from subsection (c)(3) of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(k)(2) as is necessary and appropriate to protect this information.

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), has exempted all other AMOSS data (non-FAA source data) from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), and (e)(8); (f); and (g). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted this non-FAA source data in AMOSS from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). When a record received from another system has been exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.
