I state and provide substantiation that (check only one):

- The vehicle is not subject to any safety recalls as of the time of such certification, or
- All noncompliances and defects that are the subject of safety recalls have been remedied.

I certify that (check only one):

- The vehicle is not required to comply with the parts marking requirements of the Theft Prevention Standard "Part 541", or
- The vehicle, as manufactured or as modified prior to importation, complies with those parts marking requirements.

I certify that (check only one):

- I know that the vehicle I am certifying conforms with all applicable Federal motor vehicle safety and bumper standards because I personally witnessed each modification performed on the vehicle to effect compliance, or
- I know that the vehicle I am certifying conforms with all applicable Federal motor vehicle safety and bumper standards because the person who performed the necessary modifications to the vehicle is an employee of the above named RI and has provided full documentation of the work that I have reviewed, and I am satisfied that the vehicle as modified complies.

I certify that noncompliant motor vehicle equipment items that were removed from this imported vehicle in the course of performing conformance modifications have been (check only one):

- Destroyed,
- Exported, or
- Not Applicable.
