

IMPEP VIEWPOINT SURVEY

Team Members FY 2016

The NRC's Office of Nuclear Material Safety and Safeguards is performing a satisfaction survey of its administration of the Integrated Materials Performance Evaluation Program (IMPEP). The satisfaction survey will cover those IMPEP reviews of NRC regional materials programs and Agreement State radiation control programs performed during fiscal year 2016. Also, the satisfaction survey will provide useful information for management decision making regarding areas where NRC should dedicate more resources or management attention.

you supported in FY	0 .	ons based on you	ur involveme	nt and experiend	ce during the IN	MPEP review
1. Was the training review?	you received i	n advance of th	ne IMPEP re	view helpful in	preparing for	the onsite
