An eligible community or Alaska Native tribe may apply for a special subsistence permit.

There are three subsistence halibut special permits: a Community Harvest Permit (CHP), a Ceremonial Permit or an Educational Permit (CPEP). An eligible community or Alaska Native tribe may apply for a special subsistence permit by submitting an application to the Alaska Region, NMFS. Applications must be submitted

Community Harvest Permit (CHP).

An Area 2C or Area 3A community or Alaska Native tribe listed in 50 CFR 300.65(g)(1) or (g)(2) may apply for a CHP. A CHP allows a community or Alaska Native tribe to appoint one or more individuals from its respective community or Alaska Native tribe to harvest subsistence halibut from a single vessel under reduced gear and harvest restrictions. The CHP consists of a Community Harvest Permit harvest log and up to 5 laminated permit cards.

NMFS may issue a CHP to any community or Alaska Native tribe that applies and that is qualified to conduct subsistence fishing for halibut. NMFS will issue a CHP to a community in Area 2C or Area 3A only if:

- ◆ The applying community is listed as eligible in Area 2C or Area 3A and
- ◆ No Alaska Native tribe exists in that community.

Eligible communities or Alaska Native tribes may appoint only one CHP Coordinator per community or tribe. The CHP coordinator must issue the laminated CHP permit card to an eligible fisherman. The fisherman must have the CHP permit card as well as his/her valid subsistence halibut registration certificate (SHARC) on his/her person when fishing under the CHP.

Each CHP will be valid only for the period of time specified on the permit. A CHP will expire one year from the date of issuance to a community or Alaska Native tribe eligible to harvest halibut. A community or Alaska Native tribe may renew its CHP.

Each CHP harvest log must be submitted to NMFS on or before the date of expiration by fax or mail. Harvest logs must be mailed to RAM at the address given above or faxed to 907-586-7354
