Form Approved OMB No. 0920-0982

Expiration date: 09/30/2015

How to collect the urine

Public reporting burden of this collection of information is estimated to average 50 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road, NE, M/S D74, Atlanta, GA 30333, ATTN: PRA 0920-0982.

You will collect all your urine for 24 hours.

The night before collecting

Form.

The main soloto concerning		
1.	Have the urine collection kit near the toilet to be ready to be used the next morning.	
On _	(DAY of WEEK):	
1.	When you wake up, urinate (pee) in the toilet as usual. DO NOT collect this urine, but BE SURE TO write down the date and time of this first urine of the day on the label on the storage container and the '24-Hour Urine Collection Form', on the line "Start Time".	
2.	Begin to collect your urine in the bottle the second time you urinate (pee); store it in the bottle. Screw on the lid tightly.	
3.	Keep your collected urine in a cool place such as in the basement of your home, in a cooler with ice, of by keeping it in the large drawstring bag in the refrigerator.	
4.	Continue to collect all your urine in the bottle each time you urinate during the 24-hour study period.	
5.	If you need to pass stool (poop), urinate and collect your urine first.	
On _	(DAY of WEEK):	
1.	Plan to wake up at about the same time you did the day before on	

If you have any questions, please call the clinic manager at 612-462-7751.

2. Collect your urine the first time you urinate. This is the last urine you will collect. Write down the

date and time of this last urine on the label on the storage container and the 24-Hour Urine Collection

The Urine Collection Kit

Below is a brief description of the items included in the urine collection kit:

Uning Hot	Momen will use the urine bet to collect their urine. The urine
