Federal Fiscal Year (FFY) 2013

State of the States (SOTS) Part 1: Finance and Personnel Survey

INTRODUCTION

Thank you for taking the time to complete the Federal Fiscal Year (FFY) 2013 State of the States (SOTS) Part 1: Finance and Personnel Survey. This questionnaire will be administered bi-annually to help describe the infrastructural capacity of injury and violence prevention programs nationwide.

This questionnaire will specifically ask you about your program's financial and staffing infrastructure in **FFY 2013 (October 1, 2012 – September 30, 2013)**.

We know your time is valuable. Therefore, this questionnaire has been pre-populated with information you reported in previous administrations of the State of the States (SOTS) surveys. The URL provided below is unique to your state, and depending on the size and breadth of your program, it will take approximately 1 hour to complete this questionnaire.

PLEASE COMPLETE AND SUBMIT YOUR QUESTIONNAIRE BY FRIDAY, DECEMBER 31, 2013.

Most data collected will be presented in aggregate. If you have any questions about the questionnaire, please email shenee.reid@safestates.org. Thank you again for your contribution to this important initiative.

INSTRUCTIONS

There are two (2) ways to complete the questionnaire:

1. Complete the entire questionnaire online through QuestionPro
2. Complete the questionnaire in hard copy first, and then enter all responses online through QuestionPro.

If you cannot use one of these two methods to complete the survey, please email shenee.reid@safestates.org.

Please answer the questions based on the status of your program in **Federal Fiscal Year (FFY) 2013 (October 1, 2012 – September 30, 2013)**.

Now thinking about paid staff, how many full time equivalents (FTEs) were staffed WITHIN the state IVP program in FFY 2013? Please enter the number of FTEs by staff roles.

IMPORTANT NOTE: For an FTE calculator that will help you determine your total number of FTEs, copy/paste the following URL into a new internet browser, ww.safestates.org/associations/5805/files/FTE%20Calculator.xls. Calculate part-time positions (partial FTEs) using the formula found here. For example, if you have a total of two (2) full-time staff positions at 40 hours/week (equal to 2 FTEs) and one 20 hour/week staff position (equal to one 0.5 FTE), the correct response for your total number of FTEs would be 2.5. Please enter 0.0, if the state IVP program did not have access to a primary role. All cells must have a numerical value.
