

Attachment I – Core VIPP Evaluation

Regional Injury Prevention Network - Needs Assessment

Public Reporting burden of this collection of information is estimated at 60 minutes per response, including the time for reviewing instructions, research existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NW, MS D-74, Atlanta, GA 30333; Attn: PRA (0920-0916).

Regional Network Needs Assessment

The purpose of this needs assessment survey is to provide your Regional Network with important information that will guide the development of in-person and online trainings, technical assistance, and resources that will be helpful to your state and region.

Plus! There is free help for your work available based on this survey. We are able to match up experts with programs in our region interested in tackling a particular injury or violence prevention issue—let us know what you need help with!

This survey should take you approximately 60 minutes to complete.

Regional Network Needs Assessment

If you need assistance on how to respond to questions in this needs assessment, please contact your local Regional Network Leader for your state.

Needs Assessment Matrix

Instructions: Please indicate the level of expertise or programming the State Health Department (SHD) Violence and Injury Prevention (VIP) Program has in the following areas. To answer this question, each VIP will indicate its level of programming/experience/expertise on a scale, where **0** is Do Not Know, **1** is Low Levels, **2** is Moderate Levels, and **3** represents High Levels of programming or expertise.

Examples:

0 – Do Not Know (*Unknown if state VIP has any programming or expertise in this area.*)

1– Low Level (*State has an unfunded or no mandate in this area. No VIP staff is assigned to the project and the VIP has not established any partners.*)

2– Moderate Level (*State has a mandate for this area. One or more VIP staff is assigned to the project, but funding is inadequate for state-wide coverage and partners are not engaged.*)

3– High Level (*State has an adequately-funded mandate for this area. One or more VIP staff is assigned and work with partners to reduce burden.*)

Regional Injury Prevention Network - Needs Assessment

*PART 1 of 2

What is the **Health Department VIP program's** level of work in the following areas?

Outside of the VIP program, what is the **state health department's** level of work in the following areas?

Outside of the state health department, what is **other state agencies'** level of work in the following areas?

1. All Terrain Vehicle (ATV) Injury	<input type="text"/>	<input type="text"/>	<input type="text"/>
2. Child Abuse/neglect	<input type="text"/>	<input type="text"/>	<input type="text"/>
3. Child Passenger Safety	<input type="text"/>	<input type="text"/>	<input type="text"/>
4. Domestic/intimate partner violence	<input type="text"/>	<input type="text"/>	<input type="text"/>
5. Elder Abuse	<input type="text"/>	<input type="text"/>	<input type="text"/>
6. Childhood Falls	<input type="text"/>	<input type="text"/>	<input type="text"/>
7. Older Adult Falls	<input type="text"/>	<input type="text"/>	<input type="text"/>
8. Fire and burn injury	<input type="text"/>	<input type="text"/>	<input type="text"/>
9. Firearm injury	<input type="text"/>	<input type="text"/>	<input type="text"/>
10. Homicide/Assault	<input type="text"/>	<input type="text"/>	<input type="text"/>
11. Mass trauma /disaster-related	<input type="text"/>	<input type="text"/>	<input type="text"/>
12. Motor Vehicle occupant injury	<input type="text"/>	<input type="text"/>	<input type="text"/>
13. Motorcycle/motorized scooter injury	<input type="text"/>	<input type="text"/>	<input type="text"/>
14. Occupational Injury	<input type="text"/>	<input type="text"/>	<input type="text"/>

Needs Assessment Matrix

Instructions: Please indicate the level of expertise or programming the State Health Department (SHD) Violence and Injury Prevention (VIP) Program has in the following areas. To answer this question, each VIP will indicate its level of programming/experience/expertise on a scale, where **0** is Do Not Know, **1** is Low Levels, **2** is Moderate Levels, and **3** represents High Levels of programming or expertise.

Examples:

0 – Do Not Know (Unknown if state VIP has any programming or expertise in this area.)

1– Low Level (State has an unfunded or no mandate in this area. No VIP staff is assigned to the project and the VIP has not established any partners.)

2– Moderate Level (State has a mandate for this area. One or more VIP staff is assigned to the project, but funding is inadequate for state-wide coverage and partners are not engaged.)

3– High Level (State has an adequately-funded mandate for this area. One or more VIP staff is assigned and work with partners to reduce burden.)
