

Attachment K – Core VIPP MVP Evaluation

Public Reporting burden of this collection of information is estimated at 90 minutes per response, including the time for reviewing instructions, research existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NW, MS D-74, Atlanta, GA 30333; Attn: PRA (0920-0916).

Core VIPP MVP Telephone Interview Questions

Introduction

Hello [insert name of state director],

Thank you for participating in today's interview. My name is [insert your name], and I am part of the Safe States/SAVIR team working with CDC evaluators on the Core VIPP evaluation. The goal of today's discussion is to hear about your experiences with Core VIPP during the first year of the program. This is an opportunity for you to provide greater detail about the activities you've already reported on in project reporting like the Annual Progress Report and the State of the States survey. The information from this interview will be used in the evaluation, including the Year 1 Report and future process improvement activities.

Today's interview will last about 1 hour. I hope you feel comfortable sharing your thoughts and experiences with me, but if at any time you don't want to answer a question, that is fine. I want to make you aware that we have a limited amount of time to talk, and a lot of topics to cover. So when I perceive that you've answered a question fully, I'll move us to the next question. Please note that this interview is being recorded and our conversation will be transcribed after the call. Safe States, SAVIR and CDC will have access to the information in this interview for the purposes of the evaluation only. Just as a reminder, the evaluation information acquired will not be used by CDC for future funding decisions.

You should have received an email with the questions I would like to ask you today. Did you receive that email? Do you have any questions before we begin?

Q1. How has state injury surveillance data informed the development and implementation of action plans?

- a. How did you use data to inform the parts of your plan that are related to policy analysis, implementation and evaluation?

Q2. I'd like to know how, if at all, your MVP action plan assisted your state to advance its work in the following area:

- a. Increasing awareness of focus areas?
- b. Broadened participation of ICPG stakeholders?
- c. Improving knowledge of evidence-informed practices and policy strategies statewide?
- d. Movement towards achieving your MVP-related proximal and distal objectives SMART objs?

Q3. What steps have you taken to strengthen your partnerships/collaboration among ICPG members around MVP topics?

- a. What have been challenges?

Q4. We recognize that the VIPP works with a number of partners through the MVP Expanded Component. Please list up to 3 key MVP partners. Please describe how these partners assist you in the following areas:

- a. Implementation of programs (*for example access to experts for direct interventions with participants*)
- b. Program and/or resource promotion (*for example publicity through mailings, listserv, etc.*)

- c. Sharing networks to reach target populations (*for example assistance with accessing target populations*)
- d. Allocating financial or in-kind resources (*for example cash support or loan of facilities/equipment*)

Q5. Did receiving the MVP component allow you to increase work around motor vehicle injury prevention in your state?

- a. (*IF YES*) How? Were you able to begin work on new motor vehicle injury prevention focus areas? Did you intensify the ongoing efforts taking place around previously identified motor vehicle injury prevention focus areas?

Q6. Were there any helpful factors in implementing your MVP Action Plan? If so, what are they?

Q7. Were there any deterring or inhibiting factors in implementing your MVP Action Plan? If so, what are they?

Q8. What factors have helped you to use and access injury data?

Q9. What factors have inhibited you from using and accessing data?

Q10. How are you disseminating injury data?

Q11. To whom are you disseminating the data?

Q12. What factors have supported your ability to disseminate data?

Q13. What factors have hampered your ability to disseminate data?
What is going well in your evaluation activities?

Q14. Are there external factors that impact data collection for SMARTs? If so, what are they?

Q15. What are the challenges in implementing process/outcome/formative evaluations?

Q16. Why are you not conducting process/outcome/formative evaluations?

Q17. What resources or assistance would help support your evaluation work?

Q18. What is going well in tracking progress toward your SMART objectives? What are some challenges in tracking progress toward your SMART objectives?

Q19. Looking forward, what are some factors that you think will be helpful or harmful to you as you try to show progress in your Focus Area SMART objectives?

Q20. Based on your response to the BIC Questionnaire, why did you not review the outcome evaluation findings for [Insert Focus Area]?

Q21. What are some factors that have helped or inhibited you when sharing evaluation findings with your partners?

Q22. What are some challenges in identifying key partners for your focus area work?

Q23.We noticed in [Insert Focus Area] that [you or insert partner] is the lead agency. Can you tell me more why [you or insert partner] are the lead agency or why it is not an equal partnership?

Q24.What has helped you with implementing your strategies?

Q25.What has prevented you from implementing your strategies effectively?

Q26.What resources are you using to help guide the strategies you are implementing?

Q27.How did the BARE analysis and documents affect the strategies you are implementing?

Q28.What challenges have you encountered while implementing BARE strategies?

Q29.Has implementing BARE strategies helped your state advance its work in your Focus Areas? If so, how? If not, why not?
