

## **How to Prepare for Your Clinic Visit**

## 1. Before your visit:

- Review the enclosed Informed Consent Form Summary and the Answers to Your Questions.
- Do not clip your toenails or cut your hair before your visit.
- Print and/or review driving directions to the clinic.

## 2. On the day of your visit:

- Collect your medications to show to the clinic staff. This includes prescription medicines, over-the-counter medications, and herbal/natural medicine and supplements.
- Unless absolutely necessary, please do not take <u>asthma or breathing medicines</u> before the visit. These include:

Rescue Medicines like:		- Controller medicines like:	
<ul> <li>Albuterol</li> </ul>	<ul> <li>Proventil</li> </ul>	o Advair	<ul> <li>Symbicort</li> </ul>
<ul><li>Maxair</li></ul>	<ul><li>Xopenex</li></ul>	∘ Foradil	<ul><li>Serevent</li></ul>
<ul> <li>Ventolin</li> </ul>		<ul> <li>Dulera</li> </ul>	<ul> <li>Perforomist</li> </ul>

- Remove any toenail polish.
- Wash your hair but do not use hair styling products before the visit.
- Wear loose-fitting, comfortable clothing, and a short-sleeved shirt.
- Wear comfortable shoes for walking.
- Bring any corrective lenses or reading glasses.
