[Hello. My name is ______, and I'm calling from Mathematica Policy Research.]

I'm calling as part of a study of the Healthy Family San Angelo home visiting program that you agreed to participate in. You might remember filling out a survey about a year ago. I'm calling to do another survey with you, which is very similar to the one you completed when you enrolled in the study. It will ask about your perspectives and experiences.

<u>START</u>

Before we begin the survey, I need to tell you that your participation in this study is voluntary, and we want you to know that:

- The answers you give to this survey will never be identified as yours. All of your responses will be kept private and will not be shared with anyone.
- We hope that you will answer all the questions honestly, but you may skip any questions you do not want to answer.
