 Request for Payment of Federal Benefit by Check, EFT Waiver Form
 FMS 1201W

A Spanish version of the waiver form has been created to provide a user-friendly format for ease of use by Spanish-speaking recipients; therefore less burdensome on those recipients.

We estimate that the total number of Spanish-speaking respondents is estimated at 210 or 7% of the total number of forms received. There is no change to the total number of response or burden hours currently approved.
