## STATEMENT OF RECORD DISCLAIMERS

- (a) If the developer represents either orally or in writing that it will provide or complete roads or facilities for water, sewer, gas, electricity or recreational amenities, it must be contractually obligated to do so (see [§ 1011.15\(f\)](#)), and the obligation shall be clearly stated in the Property Report. While the developer may disclose relevant facts about completion, the obligation to complete cannot be conditioned, other than as provided for in [§ 1011.15\(f\)](#), and an estimated completion date (month and year) must be stated in the Property Report. However, a developer that has only tentative plans to complete may so state in the Property Report, provided that the statement clearly identifies conditions to which the completion of the facilities are subject and states that there are no guarantees the facilities will be completed.
- (b) If a party other than the developer is responsible for providing or completing roads or facilities for water, sewer, gas, electricity or recreational amenities, that entity shall be clearly identified in the Property Report under the categories described in [§ 1010.110](#), [§ 1010.111](#) or [§ 1010.114](#), as applicable.

A statement shall be included in the proper section of the Property Report.

The “Date of This Report” is the date the Statement of Record becomes effective and is not populated until the Property Report is approved and submission has become effective.

In this Property Report, the words “you” and “your” refer to the buyer. The words “we,” “us” and “our” refer to the developer.

Answers to questions and information about this subdivision may be obtained by telephoning the developer at the number listed above.

All currency information in this property report is in US Dollars (\$).

I have read, understand and accept the terms and conditions stated above in the Property Report.

## RISKS OF BUYING LAND

- (1) The future value of any land is uncertain and dependent upon many factors. DO NOT expect all land to increase in value.
- (2) Any value which your lot may have will be affected if the roads, utilities and all proposed improvements are not completed. This paragraph may be omitted if all improvements have been completed or if no improvements are proposed.
- (3) Resale of your lot may be difficult or impossible, since you may face the competition of our own sales program and local real estate brokers may not be interested in listing your lot.
- (4) Any subdivision will have an impact on the surrounding environment. Whether or not the impact is adverse and the degree of impact will depend on the location, size, planning and extent of development. Subdivisions which adversely affect the environment may cause governmental agencies to impose restrictions on the use of the land. Changes in plant and animal life, air and water quality and noise levels may affect your use and enjoyment of your lot and your ability to sell it.
- (5) In the purchase of real estate, many technical requirements must be met to assure that you receive proper title. Since this purchase involves a major expenditure of money, it is recommended that you seek professional advice before you obligate yourself.

### Warnings

## TITLE TO THE PROPERTY AND LAND USE

A person with legal title to property generally has the right to own, use and enjoy the property. A contract to buy a lot may give you possession but doesn't give you legal title. You won't have legal title until you receive a valid deed. A restriction or an encumbrance on your lot, or on the subdivision, could adversely affect your title.

Here we will discuss the sales contract you will sign and the deed you will receive. We will also provide you with information about any land use restrictions and encumbrances, mortgages, or liens affecting your lot and some important facts about payments, recording, and title insurance.

**Release Provisions**

Explain the effect of any release provisions of any blanket encumbrance, mortgage or lien and select the appropriate statements that pertain.

Test

Included Lots? All or provide the lot numbers.

- (A) The release provisions for the (*indicate all or particular lots mentioned above*) have not been recorded. Therefore, they may not be honored by subsequent holders of the mortgage. If they are not honored, you may not be able to obtain clear title to a lot covered by this mortgage until we have paid the mortgage in full, even if you have paid the full purchase price of the lot. If we should default on the mortgage prior to obtaining a release of your lot, you may lose your lot and all monies paid.
- (B) The release provisions are recorded and the lot purchaser may pay the release price of the mortgage, supported by documentation supplied in [§ 1010.209](#)

Does the purchaser have to pay release fee?

What is the release fee?

Yes  No

100.00

The amount may be in addition to the contract payments unless there is a bona fide trust or escrow arrangement in which the purchaser's payments are set aside to pay the release price before any payments are made to the developer.

- (C) There are no provisions in the blanket encumbrance for release of an individual purchaser's lot from a blanket encumbrance.

The (*type of encumbrance*) on (*indicate all or particular lots mentioned above*) in this subdivision does not contain any provisions for the release of an individual lot when the full purchase price of the lot has been paid. Therefore, if your lot is subject to this (*type of encumbrance*), you may not be able to obtain clear title to your lot until we have paid the (*type of encumbrance*) in full, even though you may have received a deed and paid the full purchase price of the lot. If we should default on the (*type of encumbrance*) prior to obtaining a release, you may lose your lot and all monies paid.

Can the provisions for release of individual lots from the blanket encumbrance only be exercised by the developer?

Yes  No

The release provisions in the (*type of encumbrance*) on (*indicate all or particular lots*) in this subdivision may be exercised only by us. Therefore, if we default on the (*type of encumbrance*) before obtaining a release of your lot, you may lose your lot and any money you have paid for it.

**Restrictive Covenants**

Have any restrictive covenants been recorded against the land in the subdivision?

Yes  No

Do they contain items which require the purchaser to secure permissions, approvals or take any other action prior to using or disposing of his lot (e.g., architectural control, developer’s right of first refusal, building deadlines, etc.)?

Yes  No

Explain the meaning and effect upon the purchaser of any of the restrictive covenants

Are there any restrictive covenant used that have not been recorded?

Yes  No

Explain how will they be imposed?

The restrictive covenants have not been recorded; that there is no assurance they will be applied uniformly; that they may be changed and that they may be difficult to enforce.

A complete copy of these restrictions is available upon request.

**FINANCIAL INFORMATION**

Has the developer had a deficit in retained earnings or experienced an operating loss during the last fiscal year or, if less than a year old, since its formation?

Yes  No

Select one of the following.

- (1) All facilities, utilities and amenities proposed to be completed by the developer in the Property Report and sales contract have been completed so that the lots included in the Statement of Record are immediately usable for the purpose for which they are sold
- (2) The developer is contractually obligated to the purchaser to complete all facilities, utilities and amenities promised by it in the Statement of Record.

Select all that apply.

- (i)The developer has made financial arrangements, such as the posting of surety bonds (corporate or individual notes or bonds are not acceptable), irrevocable letters of credit, escrow or trust accounts, to assure that the facilities, utilities and amenities will be completed by the dates set out in the Property Report or contract.
- (ii)The sales contract provides for delivery of a deed within 180 days of the signing of the contract which conveys title free of any mortgage or lien, or the developer has filed an assurance of title agreement with ILSRP as outlined in § 1010.212(e)
- (iii) Any down payments or deposits are held in an escrow or trust account.

This may affect the developer's ability to complete promised facilities and to discharge financial obligations.

**RECREATIONAL FACILITY CHART DETAILS**

Recreational facilities information should be provided in the below chart based on the details mentioned.

- Facility - Identify each recreational facility. Identify closely related facilities (e.g., swimming pool and bathhouse) separately only if their availability dates differ.
- Percent of construction now complete - State the present percentage of completion of construction for each recreational facility.
- Estimated date of start of construction - Insert the estimated date of the start of construction for the facility (month and year).
- Estimated date available for use - If the construction of the facility is not complete or if it is not available to lot owners for its intended use, indicate the estimated date (month and year) that the facility will be available for use. If the "estimated date available for use" for any facility has been amended to delay it to a later date, indicate such delay in a statement immediately below the chart. Underline the response. This statement shall include the name of the facility and the prior estimated availability date, and it shall be referenced to the appropriate facility listed on the chart by use of an asterisk or other appropriate symbol. If a facility is 100 percent completed and in use, no date is needed.
- Financial assurance of completion - If the construction of the facility is not complete, state whether there is any financial assurance of completion. If none, state "none." If such exists, state the type of assurance (i.e., bond, escrow, or trust). If no documentation for such assurance has been provided in § 1010.214 of the Statement of Record, then do not indicate such assurance on the chart, but in place of such assurance on the chart state "none."
- Buyer's annual cost or assessments -State the lot buyer's annual cost or assessments for using the facility. These costs should include any applicable property owners' association assessment, and the developer's maintenance assessment. If the cost information is lengthy, you may use an asterisk or other appropriate symbol and include the cost information in a paragraph below the chart.

### FLOODING AND SOIL EROSION

Does the developer have a program which provides, or will provide, at least minimum controls for soil erosion, sedimentation or periodic flooding throughout the subdivision?

Yes  No

Describe the program

Are the program approved by the appropriate government officials?

Yes  No

Program Start Date

MM/YYYY

Program Completion Date

MM/YYYY

Is the developer obligated to comply with the program?

Yes  No

Is there any financial assurance of completion?

Yes  No

Explain

A minimum program will usually provide for: (i) Temporary measures such as mulching and seeding of exposed areas and silt basins to trap sediments in runoff water, and (ii) Permanent measures such as sodding and seeding in areas of heavy grading or cut and fill along with the construction of diversion channels, ditches, outlet channels, waterway stabilizers and sediment control basins.
