

Supporting Statement
7 CFR 785
Agricultural Mediation Program
OMB control number- 0560-0165

This package requests an extension with a revision of a currently approved Information Collection (0560-0165).

Justification

1. Explain the circumstances that make the collection of information necessary.

The USDA Agricultural Mediation Program (AMP) is mandated by Subtitles A and B of Title V of the Agricultural Credit Act of 1987 (Public Law 100-233), as amended. Under the program, USDA makes grants to state-designated entities that provide mediation to agricultural producers, their lenders and others that are directly affected by the actions of certain USDA agencies. In mediation, a trained, impartial mediator helps participants review and discuss their conflicts, identify options to resolve disputes and agree on solutions. Ideally, this process helps avoid expensive and time-consuming administrative appeals and/or litigation. Cases covered by the grants include agricultural loans, whether made by USDA or commercial lenders and disputes involving USDA actions on farm and conservation programs, wetland determinations, rural water loan programs, grazing on national forest system lands, pesticides, rural housing and business loans, and crop insurance.

The program is now being administered by the Farm Service Agency (FSA).

2. Indicate how, by whom and for what purpose the information is to be used. Except for new collections indicate the actual use the Agency has made of the information received from the current collection.

The information is utilized by FSA to determine whether participants meet the eligibility requirements to be a recipient of grant funds. Lack of adequate information to make the determination could result in the improper administration and appropriation of Federal grant funds.

The information collection requirements are described below and on the attached FSA-85-1, Reporting and Recordkeeping Requirements.

Request for recertification of State-Certified Mediation Program (7 CFR 785.3(b))

The information is provided by State-Certified Mediation Programs that have previously been determined eligible and are requesting to be recertified for the ensuing year. The regulations require the State to make a written request which addresses any changes in the program since the original approval. To effectively administer the program, State-

Certified Mediation Programs submit an application for recertification, which includes completion of SF-424, SF-424A, and SF-424B. Currently, there are 36 State-Certified Mediation Programs; the estimated time to provide the information requested is 2 hours.

Annual Report (7 CFR 785.8)

State-Certified Mediation Programs provide an annual report to FSA that must include the goals and accomplishments of the program, program activities and outcomes of the cases opened and closed during the reporting year; mediation services provided and resolution rate for each category of issue reported for cases closed during the year, and financial status report, which may be provided on SF-425.

In addition, information on the performance and effectiveness of the program that considers the estimated average costs of mediation services per client; estimated savings to the state as a result of having the state mediation program; and recommendations for improving the delivery of mediation services to covered persons. Lastly, the annual reports may provide any additional information the state may elect to include.

All currently approved State-Certified Mediation Programs provide the annual report; the time to collect and provide the information is estimated to be 4 hours per response.

Mid-year report (7 CFR 785.8)

State-certified mediation programs provide to FSA a mid-year report that includes information on mediation services provided during the preceding six months. All currently approved State-Certified Mediation Programs provide a mid-year report. The time to collect and provide the information is estimated to be 1 hour per response.

SF-270 – Request for Advance or Reimbursement (7 CFR 785.4)

State-certified mediation programs may request either an advance or reimbursement of grant funds during the year the grant covers. Programs request grant funds on an average 3 times per year; each request is estimated to take 1 hour to complete.

Collections Approved under Other OMB Control Numbers

The following table summarizes the information collections included in 7 CFR 785, for which approval has been obtained under the OMB Control Number for another CFR part.

CFR Citation	Description	Approved Under
785.3(b)	SF-424, Application for Federal Assistance	4040-0004
785.3(b)	SF-424A, Budget Information non-construction	4040-0006
785.4	SF-424B, Assurances Non-Construction	4040-0007
785.4	SF-425, Financial Status Report	0348-0061
785.4	SF-270, Request for Advance and Reimbursement	0348-0044

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decisions for adopting this means of collection. Also describe any consideration of information technology to reduce burden.

State-Certified Mediation Programs provide information using forms that are approved for government-wide use. At this time, none of the currently approved State-Certified Mediation Programs has obtained and activated a USDA account with Level 2 access that allows for electronic submissions. All forms that have to be completed are available electronically; in addition, FSA provides them to State-Certified Mediation Programs as attachments to email with detailed instructions for completion.

Non-form information collections are mostly limited to copies of documents in the State-Certified Mediation Programs' possession or providing written replies to agency requests or offers. Non-form collections, as well as all forms, may be submitted by email, mail, or by facsimile.

The information required from State-Certified Mediation Programs is mainly financial in nature, such as budgets, and operational information specific to each program, such as list of participants and issues mediated; list of mediators, training classes for mediators, etc. Therefore, the information requested is not conducive to being provided by using information technology. In addition, use of information technology will not reduce the amount of information needed for efficient program administration.

4. Describe efforts to identify duplication. Show specifically why similar information already available cannot be used or modified for use for the purposes described in Item 2 above.

There is no duplication of information involved with the processing of State-Certified Mediation Programs' grant request, the monitoring of the State-Certified Mediation Programs' grant request, or the monitoring of the State-Certified Mediation Programs grant itself. State-Certified Mediation Programs provide information on an annual basis to the agency to ensure that the program is still eligible to receive federal funds.

5. Methods to minimize burden on small businesses or other small entities (Item 5 of OMB Form 83-1), describe any methods to minimize burden.

It has been determined that this collection will not have a significant economic impact on a substantial number of small entities since it contains normal business record keeping requirements and minimal essential reporting requirements. Small businesses will not be affected by this regulation. There are no small businesses in this collection.

6. Describe the consequences to Federal program or policy activities if the collection is not conducted or conducted less frequently, as well as any technical or legal obstacles to reducing burden.

The regulation requires the minimum information needed to determine whether a State's mediation program is eligible for re-certification, application for Federal Assistance, reporting requirements, and mid-year reports. This minimum reporting of information is necessary for the FSA to administer the mediation program in an equitable and cost-effective manner.

7. Explain any special circumstances that would cause an information collection to be conducted in a manner:

- a) Requiring respondents to report information more frequently than quarterly. There are no information collection requirements that require information more frequently than quarterly.
- b) Requiring written responses in less than 30 days. There are no information collection requirements that require written responses in less than 30 days.
- c) Requiring more than an original and two copies. There are no information collection requirements that require more than an original or single copy of a document.
- d) Requiring respondents to retain records for more than 3 years. There are no such requirements.
- e) No utilizing statistical sampling. There are no such requirements.
- f) Requiring the use of statistical sampling which has not been reviewed and approved by OMB. There are no such requirements.
- g) Requiring the pledge of confidentiality. There are no such requirements.
- h) Requiring submission of proprietary trade secrets. There are no such requirements.

8. Describe efforts to consult with persons outside the Agency to obtain their view on the availability of data, frequency of collection, the clarity of instructions and record keeping, disclosure, or reporting format (if any), and on data elements to be recorded, disclosed, or reported.

FSA published a Request for Extension with a Revision of a Currently Approved Information Collection notice in the Federal Register on May 5, 2014 (79 FR 25561-25562) requesting comments by July 7, 2014. There were no comments received in response to this notice.

FSA maintains close contact with State-Certified Mediation Programs and provides guidance and advice on issues as they occur. In addition, the following programs provided input on this information collection:

Roslyn Amor
Indiana Agricultural Mediation Program
Rural Services of Indiana, Inc.
60918 U.S. 31, South
South Bend, Indiana 46614
Phone: (574) 299-9648

D. Gene Valentini
Texas Rural Mediation Services
Office of Dispute Resolution, Lubbock County
Post Office Box 10536
Lubbock, Texas 79408
Telephone: (806) 775-1720

Gayle Cooper
Washington Agricultural Mediation Program
Fulcrum Institute Dispute Resolution Clinic
211 West Augusta Avenue
Spokane, Washington 99205
Phone: (509) 838-2799

All the programs that provided input on this information collection stated that the time FSA is estimating is adequate.

9. Explain any decision to provide any payment or gift to respondents.

There is no payment or gift was given to respondents.

10. Describe any assurance of confidentiality provided to the respondents and the basis for the assurance in statute, regulation, or Agency policy.

There is no assurance of confidentiality provided to respondents for the information required in this collection. The information collected pertains mostly to administering federal grant funds according to rules and regulations.

11. Provide additional justification for any question of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

The information collected under this docket is financial in nature. As a condition for the receipt of federal grant funds, AMPs disclose financial information as well as information of their business operations. However, the information is required to properly administer federal funds.

12. Provide estimates of the hour burden of the collection of information.

The estimate of hour burden of the information collections is as follows:

Total Number of Unduplicated Respondents	36
Reports Filed Per Respondent	1.5
Total Annual Responses	216
Total Annual Burden Hours	360
Average Burden Per Collection	90 minutes
Per Unduplicated Respondent	10 hours

The estimate of annual cost for the information collections is as follows:

Respondent's Cost Per Hour - Budget analyst	\$34.89
- Secretary/administrative assistant	\$16.99
Total Annual Respondent Cost – Budget analyst (180X\$34.89)	\$6,280.20
- Secretary/admin. assistant (180\$16.99)	\$3,058.20
- Total	\$9,338.40

Cost per hour for respondents was derived from the U.S. Department of Labor's Occupational Employment and Wages, May 2012, tables which are found at the Bureau of Labor Statistics website at <http://stats.bls.gov/oes> .

13. Provide an estimate of the total annual cost burden to respondents or record keepers resulting from the collection of information.

The regulation and associated information collection place no burden costs on respondents for capital, start-up, operation, maintenance, or the purchase of services.

14. Provide estimates of annualized cost to the Federal Government.

Agency employees provide guidance and assistance to State-Certified Mediation Programs in obtaining and reporting the information needed. In addition, they provide templates for completion to ensure information provided is complete and accurate, and to reduce the time it takes State-Certified Mediation Programs to gather and submit the required information. Lastly, employees review the information provided to effectively administer federal grant funds according to applicable rules and regulations. The agency estimates that employees spend 54 hours on information submitted from each State-Certified Mediation Program, for a total of 1,944 hours.

The estimated annual cost to the Federal Government is $1,944 \times \$58 = \$112,752$.

15. Explain the reason for any program changes or adjustments reported in Items 13 or 14 of the OMB Form 83-I.

The total annual burden on the public requested is 360 hours, which is a reduction of 830 hours (360 (current) -1190 (previous)). The times included in previous requests were excessive; they have been adjusted accordingly to reflect current use.

The numbers of respondents increased by 108 respondents (144 (current)-35 (previous)), and the number of responses have increased by 41 (216 (current)) – 175 (previous), which are currently reflected in this request.

Specifically, the total of 1120 hours was removed from this collection, and the total of 288 hours are added to this collection. FSA explained the program/adjustments changes below. The total reduction in this collection is 830 (1120 hours-288 hours).

- Request for Certification – stated that each year all 36 State-Certified Mediation Programs will be requesting certification. Certification is requested and provided at the initial application to receive this grant. There have been no new requests for certification in several years, and FSA is not expecting any additional new requests in the foreseeable future. Therefore, the 210 hours associated with the Request for Certification were removed in this request.
- Eligibility criteria for amount of grant requested – the Re-Certification of Approval was in previous request, and the 70 hours associated with this collection were removed.

- Reporting requirements and Audit report – these collections far exceeded the actual reporting and auditing requirements. FSA collects information through a mid-year and annual report as provided in question 2. In addition, FSA eliminated the quarterly reporting requirement. The Reporting Requirement was previously 280 hours, and the Audit Report was previously 560 hours equal so the total burden hours reduction was 840. This replaced by the “Annual Report”-144 hours and “Mid-Year report”-36 hours that are in this request in the total hours of 180.
- Lastly, FSA is adding 108 hours for State-Certified Mediation Programs request by submitting Request for Advance or Reimbursement (the SF-270) that was not included in previous request.

16. For collection of information whose results will be published, outline plans for the tabulation and publication.

The information collections under this OMB control number will not be tabulated or published.

17. If seeking approval to not display the expiration date for the OMB approval of information collection, explain the reasons that display would be inappropriate.

Most of the information collected is in narrative form – information collection instruments utilized for this collection are used by multiple agencies. Therefore, displaying the expiration date on instruments used by multiple agencies that each obtains its own OMB approval will be confusing to participants.

18. Explain each exception statement to the certification statement identified in Items 19 and 20 on OMB Form 83-I.

There are no exceptions requested.

19. Explain how this information collection relates to the Secretary of Agriculture’s Service Center Implementation Team initiative.

This information collection is not related to the Service Centers as they are not involved in the administration of this program.
