OMB Control Number 0690-0030 Expiration Date: 04/30/14

## **Background Information**

The United States Patent and Trademark Office (USPTO) is in the process of redesigning our current web based sites and applications, and developing new capabilities for the future. You can gain experience with these new systems prior to their public release and help the USPTO refine their functionality by volunteering to provide feedback.

We are curr	rently asking for volunteers to help with <b>[insert current aspect of project here]</b>					
If you are in	nterested, please fill out the following form and we will follow up with you shortly.

13. What is the high	nest level of educati	on vou've complete	ed (optional)?			

This information collection contains requirements subject to the Paperwork Reduction Act (PRA). Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subject to penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB Control Number. The estimated response time for this collection is two hours. The response time includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
