Institutional awareness and commitment to ensure safe, stable, nurturing relationships and environments and prevent child maltreatment

The purpose of this survey is to get a better understanding of your agency's (or institution, organization, business, or department) level of awareness and current efforts and partnerships around ensuring safe, stable, nurturing relationships and environments and preventing child maltreatment. We are asking the same questions about other agencies so there may be some that do not apply to yours. Ideally, you will bring in others from your agency to answer the survey collectively (just one survey please). If you answer the survey alone, please try to answer from your agency's perspective. For the purposes of this survey, "staff" refers to both staff and leadership. Please do not consult outside resources (e.g., internet, library materials, experts outside your agency/organization). The information collected will contribute to tracking efforts in this direction.

Completion of this survey is voluntary. You do not have to answer every question and can skip those that you do not feel comfortable answering. You can stop answering the survey at any time. There are no foreseeable or expected risks for participation in this survey. The mechanism for collecting this information is Survey Monkey, a secure website that meets the Safe Harbor and EU Data Protection Requirements. All information collected will be maintained in a secure manner.

1. NAME OF AGENCY:

2. Scope of Your Agency's Work:

- State-wide
- 2+ counties or cities, but not state-wide
- 1 county or city
- Neighborhood/community

3. Our agency considers the scientific evidence before making decisions about policies, programs, or services?

- Yes
- No

Powered by [SurveyMonkey](#)
Check out our [sample surveys](#) and create your own now!

The following questions ask about your agency's/organization's level of knowledge and its positions or beliefs.

4. How often does your agency have presentations or discussions reviewing scientific evidence related to policies, programs, or services for children and families at staff meetings?

- A lot (this topic is regularly scheduled)
- Often (this topic comes up in many discussions although not specifically scheduled or there have been >4 planned meetings around this topic)
- A little (this topic comes up once in a while or there has been 1-3 planned meetings around this topic)
- Not at all

7. Which of the following conditions do you think most people at your agency (> 50%) would identify as consequences of child maltreatment (check all that apply):

- Death
- Physical injury
- Paraplegia
- Blindness
- Mental retardation
- Developmental delay
- Changes in genetic expression
- Difficulty controlling emotions
- Impulsive behavior
- Difficulty learning
- Difficulty paying attention
- Aggressive behaviors
- Depression
- Smoking
- Substance abuse
- Suicide attempts
- Sexually transmitted diseases
- Teen pregnancy
- Juvenile delinquency
- Eating disorders
- Obesity
- Diabetes
- Chronic pain

EfC Institutional Awareness & Commitment Test Survey

- Heart disease
- Chronic obstructive pulmonary disease
- Cancer
- None

Using your best estimate, during the past year in your agency:

20. Employees were allowed to bring babies to work during their first 6 months:

- Every day
- 3-4 days a week
- 1-2 days a week
- Occasionally
- 0 days

21. Employees were allowed to bring children older than 6 months to work:

- Every day
- 3-4 days a week
- 1-2 days a week
- Occasionally
- 0 days

22. Child care was:

- Provided on site for all who needed with a sliding-scale fee
- Provided on site but there was a waiting list or no sliding-scale fee
- No child care on site but subsidies provided for employees with lower wages
- Not provided or supported

23. Breastfeeding mothers were:

- Allowed additional break time and a private lactation room
- Allowed additional break time or a private lactation room

No additional break time or a private lactation room
