Subject: Re: comment

public comment on federal register American taxpayers are paying billions for cancer aftercare. little is being done to stop fda and epa from approving all of the toxic drugs and chemicals that are approved for use in America. certainly we know Americans are carrying 248 toxic chemicals around in their body. where is the effort at PREVENTION. THE IMPACT ON AMERICAN HEALTH FROM THESE TOXIC DRUGS AND TOXIC CHEMICALS IS ENORMOUS. WE NEED TO STOP APPROVING ALL THESE TOXIC CHEMICALS. THEY SHOULD BE BANNED AND WE NEED TO TAKE A LOOK AT EVERYTHING APPROVED SO FAR TO STOP ITS PRODUCTION, BECAUSE CANCER IS EPIDEMIC AND ITS FROM THE LOUSY LAX EFFORTS AT FDA AND EPA, WHICH ALLOW THE RICH PROFITEERS IN THESE FIELDS TO GET AWAY WITH CRIMINAL ACTIVITY. WHEN YOU SEE THE LIVER IN A MOUSE GETTING HEAVIER FROM A DRUG, YOU KNOW THAT THE SYSTEM IS BEING IMPACTED AND YOU DONT APPROVE A DRUG. FDA APPROVES ANYWAY. THAT IS STUPID GOVT BEHAVIOR I AM APPALLED AT THE NEGLIGENCE OF BOTH AGENCIES, FDA AND EPA. THIS COMMENT IS FOR THE PUBLIC RECORD. JEANPUBLIC
