

COALITION SURVEY

Welcome to the **1017 Coalition Survey!**

The **CCC Coalition Survey** is being conducted by **Battelle** at the request of the Centers for Disease Control and Prevention (CDC), Division of Cancer Prevention and Control (DCPC). The survey is part of a larger comprehensive evaluation of a pilot program (also known as the 1017 program) in which CDC awarded additional funds to 13 Comprehensive Cancer Control (CCC) programs to increase their focus on Policy, System, and Environmental (PSE) change strategies.

You have been asked to participate in this survey because of your membership in the PSE Workgroup working with the 1017 program in your state or tribe. This survey is expected to take 20 minutes to complete.

Please answer the survey questions to the best of your ability based on your personal knowledge and experience with the PSE Workgroup. If you would like to consult with other staff members on any of the question items, you may do so. You do not need to complete the survey in one sitting. Your survey answers are not final until you hit the "Submit" button.

An identification number will be assigned to your completed survey in order to link information for all members of the same PSE Workgroup. Additional data security procedures will be implemented to ensure that your answers are maintained in a secure manner and your responses are never linked to you personally. You may choose not to participate in this survey, or to terminate your involvement at any time, without any penalty to you or your program. Completion of the survey constitutes your consent to participate.

If you have any questions about this evaluation please contact Battelle's study director Carlyn Orians at 206-528-3320, or CDC's technical lead Angela Moore at 770-488-3094. If you have any questions about your rights as a research participant, please contact Chair, Battelle Institutional Review Board, at 1-877-810-9530, extension 500.
