

ATTACHMENT G—Reminder Email (Day 7)

Attention Health Department Staff

REMINDER: Public Health Performance Improvement Professional Association Assessment – NOW OPEN

As part of an effort to support health department staff engaged in public health improvement/performance improvement efforts, NNPHI seeks your input regarding the potential creation of a public health improvement association. This assessment is only for staff of government agencies.

This data will assist stakeholders in determining whether the creation of a professional association serving the public health improvement workforce is feasible as a mechanism to support the sustainability of the networks that have been created.

We depend on your feedback to provide effective support to your public health efforts. I encourage you to take time to participate in this assessment. It contains 23 items and should take approximately 15 minutes for you to complete.

The assessment link will be open from [START DATE] until [END DATE]. We look forward to hearing from you. If you have any questions or concerns, please contact Jess Lynch at Jessica.Lynch@iphionline.org or 312-850-4744.
