

## ATTACHMENT J—Feedback Tool Notification Email

**Subject:** Your feedback requested! Help CDC improve its Water Toolkit for Schools

**Body:**

Dear Colleague,

As you know, the Centers for Disease Control and Prevention's School Health Branch creates resources to support professionals working with schools and school districts to support healthier school environments. Last fall, you mentioned that you had heard of the *Increasing Access to Drinking Water in Schools* toolkit.

In order to further improve and strengthen our resources to support your work with LEAs, we would like to invite **state public health and education professionals** to participate in an **11-minute assessment**. Your feedback is invaluable and will be used to refine our school health products so as to better meet your needs. ***Even if you did not end up using the Water Toolkit in your work with LEAs, we are looking for your feedback.***

The assessment will be open from [START DATE] until [END DATE]. We look forward to hearing from you.
