

ATTACHMENT D: Reminder Email- Day 3

Subject: REMINDER: CDC needs your input on state and local Ebola Domestic Inquiries

Dear [NAME],

We recently contacted you to complete an assessment of your health departments' domestic inquiries and preparedness related to Ebola. Your input is very important to us and will help CDC to ascertain the actual number of domestic inquiries state, local, and territorial public health departments have received since the start of the Ebola epidemic, as well as departmental preparedness to respond and guide the development of Ebola prevention protocols.

Please go to [LINK](#) and follow the instructions on the screen to complete the assessment online. **The assessment will be open from DATE to DATE and should take about 12 minutes or less to complete.**

Your feedback will help us to continue education efforts, and provide additional guidance to state and local health departments that will assist them in their state Ebola response efforts. We appreciate your help in this important effort.

Sincerely,

Michelle Chevalier, M.D., M.P.H. and Charnetta Smith, M.D.
Office of Public Health Preparedness and Response
Centers for Disease Control and Prevention
