

Attachment G: VFC Reminder E-mail

Dear [Respondent],

You should have recently received an e-mail asking you to participate in a telephone interview designed to assess key considerations related to pharmacies and the Vaccines for Children (VFC) program. This is a gentle reminder to respond to any communication that you may have recently received from Cole Communications, Inc.

ASTHO has contracted with Cole Communications to conduct telephone interviews with state immunization program staff (including VFC coordinators and VFC field staff), as well as pharmacy representatives in your state.

If you have any questions about the project or would like to schedule an interview, please contact Nicole Lezin, Lead Consultant for Cole Communications, Inc., at 831-479-1786 or lezin@mindspring.com or Ericka McGowan, Director of Infectious Disease Preparedness at ASTHO, at 571-527-3141 or emcGowan@astho.org.

Sincerely,

Ericka McGowan
Director of Infectious Disease Preparedness
ASTHO
