

C - National Notification Protocol Follow-up Information Collection Form – Web version

National Notification Protocol Follow-up Information Collection Form

National Notification Protocol Follow-up Information Collection Form

Form approved OMB No. 0920-0879 Expiration date: 04/30/2017

You should have recently received an email from the CDC informing you of a potential incident of public health significance in your jurisdiction. This incident was identified via public health surveillance of poison center data using the National Poison Data System. More information on this system may be found here: <http://www.cdc.gov/nceh/hsb/chemicals/ncrs.htm>. We would greatly appreciate it if you would please take a moment to answer the 4 questions below regarding that incident. This form should not take more than 10 minutes to complete.

***1. Was any public health action (including requests for more information or a telephone consultation) taken by anyone in the affected state or local health department in response to this incident?**

- Yes
- No
- Do not know

***2. What public health actions were taken in response to this incident? (choose all that apply)**

- Request for more information from patient, hospital, poison center or other entity
- Telephone consultation
- Public health investigation activity (e.g., epidemiological study, environmental or biological testing)
- No public health actions were taken
- Do not know

Other (please specify)

***3. Were you aware of the incident prior to the email notification?**

- Yes
- No

***4. Did the email notification contribute to the decision to initiate any public health action?**

- No: All public health actions that were taken in response to this incident would have occurred regardless of this email notification.
- Do not know
- Yes; please explain

Public reporting burden of this collection of information is estimated to average 10 minutes per response, including the time for reviewing the instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Rd, NE, MS D-74, Atlanta, GA 30333; ATTN: PRA (0920-0879).
