OMB #: TBD

Public reporting burden for this collection of information is estimated to average **20 minutes per response**, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0627). Do not return the completed form to this address.

As you move through the following pages, please keep in mind the following:

- If the text on the screen is too large, press CTRL- until it meets your viewing preference. Likewise, if the text is too small, press CTRL+.
- Use the <<BACK and NEXT>> buttons in the survey to move through the questionnaire. Using your browser's navigation buttons may prevent data from being saved properly.
- A few questions indicated with an asterisk (*) will need to be answered before you can advance to the next question. If you do not answer, you will see a reminder in the same window.
- You may exit the survey at any time by pressing the "Save and continue later" button or simply by closing your browser window. You will be able to return to the same question where you left off by clicking the link you received in the invitation e-mail.
- Once you have clicked "Submit" button, you will not be able to return to the survey without contacting us.

If you experience any technical difficulty, or have any questions about how to answer the questions, please contact us at LRP_Survey@abtassoc.com.

Thank you in advance for participating!

Approximately how many hours per week do you spend on conducting research? This includes working on research projects; supervising students, postdocs, and staff; presenting at meetings and conferences; writing papers and grants; and ordering equipment and supplies.

Pay Differences

According to numerous reports, significant pay differences still exist among demographic groups and we are seeking to determine whether the LRP applicants/participants are subject to the same inequalities. What is your current base annual salary, not including bonuses and overtime? If you are not salaried, please estimate your annual earned income.

Please remember that all survey responses will be kept confidential. Only aggregate data will be reported to NIH.

Please enter the approximate amount of your annual base salary in dollars
