This collection of information is modified with respect to §§ 1.1502-20T and 1.1502-32T. Regarding § 1.1502-20T, the collection of information also is necessary to allow the common parent of the selling group to reapportion a separate, subgroup or consolidated section 382 limitation when the acquiring group amends its § 1.1502-32(b)(4) election. Estimated average annual burden per respondent: 2 hours.

Background and Explanation of Provisions

Temporary regulations in the rules and regulations section of this issue of the **Federal Register** amend the Income Tax Regulations (26 CFR Part 1) relating to section 1502. The temporary regulations extend the time for consolidated groups to elect to apply a method for determining allowable loss on a disposition of subsidiary stock, and permit consolidated groups to revoke such elections. The temporary regulations affect corporations filing consolidated returns, both during and after the period of affiliation, and also affect purchasers of the stock of members of a consolidated group. The text of those regulations serves as the text for these proposed regulations. The preamble to the temporary regulations explains the amendments and these proposed regulations.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It is hereby certified that these proposed regulations will not have a significant economic impact on a substantial number of small entities. This certification is based on the fact that the regulations provide relief to consolidated groups by extending the time in which a group may make, or allowing a group to revoke, certain

elections of methods for determining allowable loss. In addition, members of consolidated groups are generally large corporations rather than small businesses. Therefore, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Nevertheless, the IRS and Treasury Department request comments from small entities that believe they might be adversely affected by these regulations. Pursuant to section 7805(f) of the Internal Revenue Code, this notice of proposed rulemaking will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on the impact of these regulations.

Comments and Public Hearing

Before the proposed regulations are adopted as final regulations, consideration will be given to any written comments (a signed original and eight (8) copies) or electronic comments that are submitted timely to the IRS. The IRS and Treasury Department request comments on the clarity of the proposed rules and how they can be made easier to understand. All comments will be made available for public inspection and copying. A public hearing may be scheduled. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

Drafting Information

The principal authors of these regulations are Theresa Abell and Martin Huck of the Office of Associate Chief Counsel (Corporate). However, other personnel from the IRS and Treasury Department participated in their development.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[R05–OAR–2004–IN–0003; FRL–7806–6]

Approval and Promulgation of Implementation Plans; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve Indiana’s August 6, 2004, submittal of revised mobile emission inventories and 2005 and 2007 motor vehicle emissions budgets (MVEBs) which have been developed using MOBILE6, an updated model for calculating mobile emissions of ozone precursors. These inventories and associated motor vehicle emissions budgets are part of the 1-hour ozone attainment plan approved for the Northwest Indiana area. The Northwest Indiana area consists of Lake and Porter Counties in Indiana. The State’s submittal meets a commitment to revise and resubmit the MVEBs using MOBILE6 methods within two years following the release of MOBILE6 provided that transportation conformity is not determined without adequate MOBILE6-based MVEBs during the second year.

In the final rules section of this **Federal Register**, EPA is approving the SIP revision as a direct final rule without prior proposal, because EPA views this as a noncontroversial revision and anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final

rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.
