**FC** Federal Communications Commission **Part 43.62**

## Getting Started

The FCC Part 43.62 system allows you to submit filings to fulfill the annual reporting requirements for international service.

New reports, revisions and waiver requests can be filed for:

- Traffic and Revenue Report
- Circuit Status Report

Who must file a Traffic and Revenue Report?

- Any person or entity that holds U.S. International 214 authorization, whether or not it provided service in the preceding calendar year (the reporting period).
- Any person or entity in the United States that provided International VoIP Service Connected to the PSTN during the reporting period.
- Any person or entity in the United States that provided international call completion services for IMTS or International VoIP Service Connected to the PSTN during the reporting period.

Who must file a Circuit Status Report?

- Any U.S. common carrier that owned or leased bare capacity on a submarine cable, satellite, or terrestrial facility between the United States and any foreign point on December 31 of the reporting period.
- Any person or entity that held a cable landing license on submarine cable between the United States and a foreign point on December 31 of the reporting period.
- Any non-common carrier satellite licensee with circuits between the United States and any foreign point as of December 31 of the reporting period.

See the [Section 43.62 Filing Manual](#) for more details.
