Routine Customer Feedback” (OMB Control Number: 3145-0215)**

**TITLE OF INFORMATION COLLECTION:**

NSF Directorate and Division Web Site Survey

**PURPOSE:**

NSF last redesigned its web site, nsf.gov, in 2005. Since then, the way internet users consume information has changed significantly. NSF plans to begin an iterative process of updating its web site, starting with the home pages of our science and engineering directorates and divisions, and the main navigation on the site. Following website design best practices, NSF plans to survey the users of these pages to gauge their satisfaction with the current pages and determine the type of information and features they would find most useful. The survey will be conducted through a web page that will be distributed to prospective respondents via email.

**DESCRIPTION OF RESPONDENTS:**

The anticipated respondents are science and math teachers.
