

a new monthly "Enterprise Rate Nonprofessional Subscriber Fee" that would cap each Vendor's combined obligation for Nonprofessional Subscriber Fees and Usage-based Vendor Fees for Nonprofessional Subscribers at \$375,000 per month.

OPRA's Nonprofessional Subscriber Fee and Usage-based Vendor Fees were established at their current levels effective on January 1, 2000.⁶ OPRA has not increased these fees since then in large part because of the simplicity of having the Nonprofessional Subscriber Fee and the cap on Usage-based Vendor Fees for receipt of OPRA data by a Nonprofessional Subscriber each set at \$1.00. However, the effect over a period of twelve years has been to increase the ratio of OPRA's Professional Device Fee as compared to the Nonprofessional Subscriber Fee. (For the year 2000, OPRA's weighted average Professional Device Fee was approximately \$12.55 per device; it is now \$25.00/device.⁷) OPRA believes that increasing its Nonprofessional Subscriber Fee will restore an appropriate balance between its revenues derived from Professional Subscriber Device-based Fees on the one hand and Nonprofessional Subscriber Fees and Usage-based Vendor Fees for Nonprofessional Subscribers on the other hand.

In response to input from the Vendor community, OPRA is proposing to introduce an "Enterprise Rate Nonprofessional Subscriber Fee." The Enterprise Rate Nonprofessional Subscriber Fee would limit the maximum aggregate amount of Nonprofessional Subscriber Fees and Usage-based Vendor Fees with respect to Nonprofessional Subscribers that any Vendor would be required to pay with

Fees might be lower and could not be greater, due to the administrative simplicity of doing so and the fact that the cost on a per Subscriber basis of doing so is very small.

⁶ See File No. SR-OPRA-99-02; Release No. 34-42152 (November 17, 1999). In File No. SR-OPRA-99-02, OPRA reduced the Nonprofessional Subscriber Fee from \$2.50 per Nonprofessional Subscriber to the current \$1.00 per Nonprofessional Subscriber.

⁷ In the year 2000, OPRA had a sliding scale for its Professional Subscriber Fees, with different rates based on whether a Professional Subscriber was a Member of one or more of the Exchanges that were parties to the OPRA Plan and on the Professional Subscriber's number of devices; OPRA's Professional Subscriber Fees ranged from \$10.50/device for an Exchange Member with 750 or more devices to \$27.00/device for a non-Member with nine or fewer devices. Over the course of several years, OPRA made incremental changes in its Professional Subscriber Fees to eliminate all distinctions in these fees based on a Professional Subscriber's status as a member or nonmember of an exchange that is a party to the OPRA Plan or on the Subscriber's total number of OPRA-enabled devices. See File No. SR-OPRA-2004-01; Release No. 34-49382 (February 25, 2004).

respect to its Nonprofessional Subscribers. The proposed Enterprise Rate Nonprofessional Subscriber Fee is \$375,000 per month.

OPRA anticipates that these proposed changes in its fees will result in an increase in its revenues of approximately \$1,700,000 on an annual basis at current usage rates.⁸ OPRA believes that this increase will restore the relationship of its fees for Nonprofessional Subscribers to its fees for Professional Subscribers and represent an appropriate contribution to covering the overall costs of OPRA and its member exchanges to which these fees may properly be applied.

The text of the proposed amendment to the OPRA Plan is available at OPRA, the Commission's Public Reference Room, <http://opradata.com>, and on the Commission's Web site at www.sec.gov.

II. Implementation of the OPRA Plan Amendment

System 21—Loan System.

SBA is revising the routine uses provisions of its Privacy Act Systems of Records, Loan System, SBA 21 (“SOR 21”) to add three new uses, designated as paragraphs l, m, and n, to include Loan Agent review processes and additional regulatory processes. The processes include, but are not limited to, the Agency’s new processes for: (i) Compiling and reviewing loan agent data, (ii) disclosing to GSA loan agent enforcement actions and exclusions under 13 CFR part 103 for purposes of publication in GSA’s Excluded Parties List System, and (iii) disclosing to others (e.g., regulators) SBA supervisory information for regulatory purposes. In addition, SBA is amending SOR 21 to update the SOR 21 System Location and Managers, and Categories of Individuals and Records, to provide a definition for loan agents, and amending routine use lettered “d” regarding disclosure to law enforcement, professional and procurement organizations.

SBA System 36—Suspension and Debarment Files.

SBA is amending the System of Records for Suspension and Debarment Files, SBA 36, (“SOR 36”), to add a new routine use and to update the System Location, System Manager, Categories of Individuals and Categories of Records provisions.

SBA is also amending the routine uses provisions in SOR 36 in order to meet the requirements of Executive Order 12549 and other applicable law. This amendment will allow SBA to transfer certain parties’ identifying information to GSA for publication on the Excluded Parties List System (the “EPLS”). The parties whose identifying information will be subject to disclosure to the EPLS are those that have been suspended or debarred from participating in SBA programs, that have agreed to exclusion from participation, or that have been declared ineligible, under 2 CFR Parts 180 and 2700 or other applicable law, or that have been the subject of enforcement actions under Part 103 (other than Loan Agents in SBA Business Loan Programs, which are covered by SOR 21).

SOR 36 currently consists of materials compiled from investigations and/or audits which identify violations which may be cause for suspension or debarment pursuant to the Federal Acquisition Regulations or the government-wide non-procurement suspension and debarment regulations. These materials include indictments, information, plea agreements, judgments, loan agreements, contract documents, etc., that pertain to a party’s participation in government contracts, SBA loan programs, and other SBA assistance. Through the EPLS, government agencies and the public can search and ascertain the SBA enforcement or exclusion status of those parties. These searches may be performed, for example, for purposes of determining government contract eligibility. Finally, SBA is amending SOR 36 to expand the System Location to include all of SBA Headquarters, and the System Manager section to include Headquarters Suspension and Debarment officials, is revising the Categories of Records and Categories of Individuals sections, and is amending routine use lettered “a” regarding disclosure to law enforcement, professional and procurement organizations.

Appendix A

Finally, SBA is amending Appendix A to update the addresses of various offices that have been relocated or to remove addresses for those offices that have closed since the list was last published.
