Before you answer Question 1, count the people living in this house, apartment, or mobile home using our guidelines.
Count all people, including babies, who live and sleep here most of the time.
The Census Bureau also conducts counts in institutions and other places, so:
Do not count anyone living away either at college or in the Armed Forces.
• Do not count anyone in a nursing home, jail, prison, detention facility, etc., on July 1, 2014.
 Leave these people off your form, even if they will return to live here after they leave college, the nursing home, the military, jail, etc. Otherwise, they may be counted twice.
The Census Bureau must also include people without a permanent place to stay, so:
• If someone who has no permanent place to stay is staying here on July 1, 2014, count that person.
How many people were living or staying in this house, apartment, or mobile home on July 1, 2014? Number of people =
2. Were there any additional people staying here July 1, 2014 that you did not include in Question 1? Mark all that apply. Children, such as newborn babies or foster children Relatives, such as adult children, cousins, or in-laws Nonrelatives, such as roommates or live-in baby sitters People staying here temporarily No additional people
3. Is this house, apartment, or mobile home — Mark X ONE box.
Owned by you or someone in this household with a mortgage or loan? <i>Include home equity loans</i> . Owned by you or someone in this household free and clear (without a mortgage or loan)? Rented? Occupied without payment of rent?
