MEMORANDUM FOR: OASD (HA) (ATTN: Kim Fraser, Sandra Dennis)

SUBJECT: DMDC Review of Millennium Cohort Revisions for OMB Approval

As requested, DMDC has reviewed the subject study protocol and its supporting materials as part of the OMB submission process through WHS. The technical concerns raised in our reviews have been addressed. Our recommendation to WHS/ESD is that the revisions to the study protocol and the data collection materials are sufficiently designed and developed in order to be sent forward as required to obtain OMB approval for the revisions for this Public Information Collection. This is a very important and unique project and we strongly support the approval of these revisions.

The DMDC reviews highlighted several areas (e.g., use of SSNs, incentives, etc.) that may be appropriate for consideration as part of the Privacy, HRPP and other reviews. Both DMDC reviews are attached to the email transmitting this letter.

The point of contact for this review is Dr. Paul Rosenfeld, 571-372-0987, paul.rosenfeld.civ@mail.mil.
