We are asking people to be in a research study that will help us learn more about what people think about HIV prevention and testing messages. RTI, a research company in North Carolina, and Research Now are conducting the study. The Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia is funding the research.

To see if you are a good match for this study, we will need to ask you some personal questions. Some of the questions will be about your sexual orientation and your HIV status, if you know it. It is your choice to answer the questions. Your answers will be kept private to the extent allowed by law. You can refuse to answer any question or stop at any time.

May we ask you the questions to see if this you are a good match for this study?

Yes
 No

Next, we'd like to ask you some questions about the people you have sex with and things you might talk to them about.

Do you currently have a main male sex partner—that is, a partner you would call your boyfriend, spouse, significant other, or life partner?

Yes
 No
 Refuse to answer

In the past 12 months, how many non-main male partners – that is, somebody who you did not consider to be a boyfriend, spouse, significant other, or life partner – did you have anal sex with? (Enter 999 to refuse)
