SI's Date of Death:

Is this an Automated Death Case?

QR 07020.500 A. " Note: The automated Death Process changes the TMR of a record but not the HUN. Therefore cases may be selected for review where the HUN individual is not recently deceased and the death was already established in the past. For these situations, treat the surviving spouse as the SI and follow regular review and development procedures. "

Troughout this form you'll see the ES SSR data as if the ES was the only SI. The only reference to the original SI will be in APP file name.

Did the SI die prior to the SM?

Were all payments in the sample period returned timely?

Furnishing us this information is voluntary. However, failing to provide us with all or part of the information may prevent us from making an accurate and timely decision on any claim for benefits.

We rarely use the information you supply for any purpose other than to complete our claims process. However, we may use the information for the administration of our programs including sharing information:

1. To comply with Federal laws requiring the release of information from our records (e.g., to the Government Accountability Office and Department of Veterans Affairs); and,
2. To facilitate statistical research, audit, or investigative activities necessary to ensure the integrity and improvement of our programs (e.g., to the Bureau of the Census and to private entities under contract with us).

A complete list of when we may share your information with others, called routine uses, is available in our Privacy Act System of Records Notices 60-0040, entitled Quality Review System, 60-0042, entitled Quality Review Case Files, and 60-0057, entitled Quality Evaluation Data Records. Additional information about these and other system of records notices and our programs is available from our Internet website at www.socialsecurity.gov or at your local Social Security office.

We may share the information you provide to other health agencies through computer matching programs. Matching programs compare our records with records kept by other Federal, State, or local government agencies. We use the information from these programs to establish or verify a person's eligibility for federally funded or administered benefit programs and for repayment of incorrect payments or delinquent debts under these programs.

SSA will insert the following revised PRA Statement into the form at its next scheduled reprinting:

The OMB control number for this information collection is 0960-0133. We estimate that it will take about 30 minutes to read the instructions, gather the facts, and answer the questions. ***Send only comments relating to our time estimate above to: SSA, 6401 Security Blvd, Baltimore, MD 21235-6401.***
