

Youth Engagement Key Informant Interview

Thanks for talking with me today. Just to remind you from my introductory email, the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Planning and Evaluation and the Interagency Working Group on Youth Programs are conducting key informant interviews to better understand the youth-engagement and youth-adult partnerships used by youth-serving organizations. We identified your efforts via (website, report, etc.) and wanted to talk with you to obtain more information about your organization's work. Specifically, we are hoping to gather more information about potential best practices, indicators of success, and lessons learned. This information will help inform future federal work. We anticipate that our discussion will last no longer than 45 minutes.

Required (Consent Procedures): Before we get started I want to assure you that your responses to these questions will be held in strict confidence, except as required by law. Summary information from these interviews, together with material taken from public documents, may be presented in journal publications or other reports; however, no specific individual will be identified by name in any reports or publications. Findings from the study can be shared with all participants. Your participation in this discussion is completely voluntary; if you are uncomfortable with any question we can skip it. This research is being conducted by the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Planning and Evaluation. Do you have any questions about our confidentiality procedures before we begin? (If yes, respond to all questions. If no, proceed with discussion).

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0990-0421. The time required to complete this information collection is estimated to average forty-five minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and

review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Health & Human Services, OS/OCIO/PRA, 200 Independence Ave., S.W., Suite 336-E, Washington D.C. 20201, Attention: PRA Reports Clearance Officer
