## Instructions for Outreach Training Program Trainer

The Occupational Safety and Health Administration (OSHA) Outreach Training Program is a voluntary orientation training program aimed at workers. It provides workers with information about OSHA and an overview of job hazards. Trainers authorized through the OSHA Outreach Training Program must conduct Outreach Training Program classes in accordance with the current Outreach Training Program Requirements and Procedures issued by the Directorate of Training and Education (DTE). The Outreach Training Program Requirements and Procedures can be found online at the OSHA.gov Web site under Training, OSHA Outreach Training Program.

## Item 9 Number of Students

Indicate the number of students who completed the course. Note: If the trainer held a class that contained more or fewer students than allowed by OSHA policy, include a copy of the prior approval received from the trainer's ATO.

## Item 10 Training Site Address
