**TITLE OF INFORMATION COLLECTION:** Acquisition 360 – Improving Acquisition Process Through Timely Feedback from External Stakeholders

**PURPOSE:**

To ensure that agencies can continually consider and improve their performance in early vendor engagement efforts and internal acquisition practices, via a robust, timely, and specific feedback mechanism from key stakeholders Treasury will be using various tools and methods to reach these key stakeholders. The results will be used to strengthen its acquisition function from pre-award activities up to, and including, contract award and debriefings. This effort is not intended to be used to rate individual vendors, contracting officers, program managers, or integrated project teams (IPTs), or to compare procuring offices generally, as the complexity of procurements varies greatly among agencies, and unexpected challenges can arise. However, these tools and methods are meant to help Treasury identify strengths and weaknesses with industry and internal acquisition practices so as to make internal improvements on the acquisition planning and executing contracts.
