#### . CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

#### Form 8886

Regulations section 1.6011-4 provides that certain taxpayers must disclose their direct or indirect participation in reportable transactions when they file their Federal income tax return.

#### Pre-CAP and CAP Application Form (Form 14234):

The Compliance Assurance Process (CAP) is a strictly voluntary program available to Large Business and International Division (LB&I) taxpayers that meet the selection criteria. CAP is a real-time review of completed business transactions during the CAP year with the goal of providing certainty of the tax return within 90 days of the filing. Taxpayers in CAP are required to be cooperative and transparent and report all material issues and items related to completed business transactions to the review team.

#### . USE OF DATA

Certain taxpayers use Form 8886 to disclose reportable transactions in which they directly or indirectly participated.

Information on the Pre-CAP and CAP Application Form will be used by the LB&I industry executives to determine which taxpayers meet the selection criteria and should be accepted into the voluntary program for the year.

The burden estimate for Form 8886 is as follows:

<u>Form</u>		Number of Responses	Time per <u>Response</u> ( <u>hrs.)</u>	Total <u>Hours</u>

# 13. <u>ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS</u>

As suggested by OMB, our *Federal Register* notice (79 FR 6999) February 5, 2014, requested public comments on estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. However, we did not receive any response from taxpayers on this subject. As a result, estimates of the cost burdens are not available at this time.

## 14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

The primary cost to the government consists of the cost of printing Form 8886. We estimate that the cost of printing the form is \$400.

## 15. REASONS FOR CHANGE IN BURDEN

There are no changes in the burden. This information collection is being summited for renewal purposes.

#### 16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

Not applicable.

# 17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

We believe that displaying the OMB expiration date is inappropriate because it could cause confusion by leading taxpayers to believe that the regulations sunset as of the expiration date. Taxpayers are not likely to be aware that the Service intends to request renewal of the OMB approval and obtain a new expiration date before the old one expires.

## 18. EXCEPTIONS TO THE CERTIFICATION STATEMENT ON OMB FORM 83-I

Not applicable.

**Note:** The following paragraph applies to all of the collections of information in this submission:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

#### **OMB EXPIRATION DATE**

We believe the public interest will be better served by not printing an expiration date on the form(s) in this package.

Printing the expiration date on the form will result in increased costs because of the need to replace inventories that become obsolete by passage of the expiration date each time OMB approval is renewed. Without printing the expiration date, supplies of the form could continue to be used.

The time period during which the current edition of the form(s) in this package will continue to be usable cannot be predicted. It could easily span several cycles of review and OMB clearance renewal. In addition, usage fluctuates unpredictably. This makes it necessary to maintain a substantial inventory of forms in the supply line at all times. This includes supplied owned by both the Government and the public. Reprinting of the form cannot be reliably scheduled to coincide with an OMB approval expiration date. This form may be privately printed by users at their own expense. Some businesses print complex and expensive marginally punched continuous versions, their expense, for use in their computers. The form may be printed by commercial printers and stocked for sale. In such cases, printing the expiration date on the form could result in extra costs to the users.

Not printing the expiration date on the form(s) will also avoid confusion among taxpayers who may have identical forms with different expiration dates in their possession.

For the above reasons we request authorization to omit printing the expiration date on the form(s) in this package.
