

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: XXXX-YYYY)

TITLE OF INFORMATION COLLECTION:

Health Advocate Proof of Concept Pilot Project Patient Satisfaction Assessment

PURPOSE:

The purpose of the Health Advocate (HA) Proof of Concept Pilot Project is to evaluate whether there is value in changing the configuration of the PACT teamlet from four to five staff and shifting the roles and responsibilities by adding one HA position and converting the existing clinical associate to a second HA. By increasing the support services of the primary care team serving the Veteran, we anticipate that the HA will improve both the patient and the provider’s experience. The scribing function enhances the provider’s attention to and communication with the Veteran, while the coaching function improves the Veteran’s experience by allowing the HA to use behavioral techniques such as motivational interviewing to improve patient engagement and adherence. The patient satisfaction assessment will offer insight into how well received the initiative is from the Veteran perspective.

DESCRIPTION OF RESPONDENTS:

The respondents will consist of Veterans who have received care from the health advocate in the primary care setting. Participation will be optional.
