

Compensation and Pension Examination Feedback (OMB Control #: 2900-0770)

The Department of Veterans Affairs is working hard to improve the services we provide to Veterans. We are looking at ways to improve the Veterans Experience with the Compensation and Pension examination process. As such, we are improving a survey that has been previously approved and used in an electronic version and submitted online. Continued results of this survey will lead to improvements in the quality of service delivery by helping to improve our primary care services. As such, the burden has been increased to 7 minutes. Participation in this survey is voluntary and failure to respond will have no impact on benefits to which the Veteran may be entitled.
