

Supporting Statement for VA Form 20-0344
Annual Certification of Veteran Status and Veteran-Relatives
2900-0654

A. Justification

1. The Department of Veterans Affairs (VA), through its Veterans Benefits Administration (VBA), administers an integrated program of benefits and services established by law for veterans, service personnel, and their dependents and/or beneficiaries. VA has a responsibility to protect benefit records to insure the security, integrity, and confidentiality of these records. (5 U.S.C. 552a (e) (10)). VBA employees, non-VBA employees in VBA space and Veteran Service Organization (VSO) employees who have access to benefit records are required to annually report veteran status of themselves and any veteran relatives. Based on this information, additional security measures are applied to identified benefit records in order to control access to these records and limit the potential for fraud.

VA is removing the option to access the beneficiary information and records system (BIRLS) to obtain military service numbers and/or claim numbers. If assistance is needed, respondents may continue to contact the station's IT Security Officer.

2. VA Form 20-0344 is completed by VBA employees, non-VBA employees in VBA space and Veteran Service Organization (VSO) employees who have access to benefit records. These individuals are required to provide personal identifying information for themselves and any veteran relatives, so VA is able to identify and properly protect these benefit records.

3. VA Form 20-0344 is available on the One-VA web site in a fillable electronic format. VBA is currently hosting this form on a secure server and does not currently have the technology in place to allow for the complete submission of the form. Validation edits are performed to assure data integrity. Efforts within VA are underway to provide a mechanism to allow the information to be submitted electronically with a recognized signature technology. There currently is no utility process in place that will allow the data submitted on the form to be incorporated with an existing centralized legacy database.

4. Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

5. The collection of information does not involve small businesses or entities.

6. The information is necessary to insure that benefit records of employees and employees' relatives are properly maintained in accordance with VA policy. Without the information provided on this form, VA would be unable to determine

which benefit records require special handling to guard against fraud, conflict of interest, improper influence etc. by VA and non-VA employees.

7. There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

8. The Department notice was published in the Federal Register on November 15, 2013, Volume 78, No. 221, at page 68905. No comments were received in response to this notice.

9. No payments or gifts to respondents have been made under this collection of information.

10. The records are maintained in the appropriate Privacy Act System of Records identified as "Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA (58VA21/22/28)," published at 74 FR 29275 on June 19, 2009, and last amended at 77 FR 42593 (July 19, 2012).
