<p>Indicate A=Acceptable. Acceptable indicates that the condition is satisfactory or up to industry standard. F=Finding. A finding is a failure to meet physical standards that indicate a widespread occurrence or pattern of a physical problem that should be corrected through routine procedures. Health &amp; Safety, or accessibility issues are either a finding or V=Violation (a finding that because of its severity requires using the three servicing letters, and possibly the pursuit of acceleration). N/A=Not Applicable. For each finding or a violation, use the comment section to provide an explanation of the problem including possible corrective action. Indicate the Estimated Completion Date (ECD) in the column provided. The comment section may be used for observations or notes. See FMI for specific instructions.</p>
