Dear \_\_\_\_\_,

The US Food and Drug Administration has contracted with Deloitte Consulting and Global Prairie (the Deloitte Team) to conduct a comprehensive analysis of [practice settings and processes for prescribers in various specialty areas]/[ the incorporation of Risk Evaluation and Mitigation Strategies (REMS) into prescriber settings]. Our goal is to gain a better understanding of the provider settings and processes for prescribing medicines in those settings.

As part of this effort, the Deloitte Team is conducting facilitated workgroup sessions with healthcare practitioners working in different prescriber settings and specialties. You have been identified as an important candidate to provide insight on prescriber settings and practices, and we would very much appreciate your perspective for this effort.

A representative from the Deloitte Team will be contacting you in the next few days to schedule a time to talk. Interviews will take no longer than 30 minutes. Please don't hesitate to contact me if you have any questions.

Thank you in advance for your participation.

Thank you,
