Q-DOT Pilot Study
Center Director
Self-Administered Questionnaire
Spring 2014

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0970-0355. The time required to complete this information collection is estimated to average 15 minutes per respondent, including the time to review instructions, gather the data needed, and complete and review the information collected.

INTRODUCTION

We appreciate your and your center's participation in the Q-DOT Pilot Study. The purpose of this study is to learn more about the associations among Quality Rating and Improvement System (QRIS) ratings, quality-related features, and measures of observed quality for early care and education settings.

Information from this study will be used to help guide the U.S. Department of Health and Human Services, Administration for Children and Families, as they support quality improvement initiatives and practices while informing policy decisions at the state and national levels.

Your participation in the study is voluntary and you may skip any questions you do not want to answer. Your responses are private to the extent permitted by law and will be reported only as aggregate numbers. The answers you provide are very important, so please make your answers as complete as possible and take your time to answer each question as best you can. If you don't know the answer, please answer "don't know." This questionnaire will take about 15 minutes to complete.

F. CONCLUSION

F1. In the future, Mathematica may be conducting a large intervention study intended to improve classroom quality in preschool centers. The study will include staff training and mentoring for a portion of the centers participating. It will also include classroom observations and child assessments. So that we may plan for such a future study, we would like to know the conditions that might influence your interest in participating.

Please tell us what you would consider to be benefits for your center to participate in such a study in the future:

Please tell us what you would consider to be barriers to your center participating in such a study in the future:
