E-IWO RECORD LAYOUTS

- Chart D-1 is the universal header record layout established for the e-IWO system.
- Chart D-2 is the universal trailer record layout established for the e-IWO system.
- Chart D-3 is the e-IWO Detail record layout established for the e-IWO system.
- Chart D-4 is the Employer Acknowledgement record layout established for the e-IWO system.

Public reporting burden for this collection of information is estimated to average 5 minutes per response for Non-IV-D CPs; 2 minutes per response for employers; 3 seconds for e-IWO employers, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
