PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 1 minute per response and 5 minutes for the initial set up. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. This collection of information is voluntary. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street, SW, Washington, DC20472-3100, Paperwork Reduction Project (1660-NEW). **NOTE: Do not send your completed form to this address.**

PRIVACY NOTICE (ENS SYSTEM)

Authority: The Homeland Security Act of 2002, Pub. L. No. 109-295, §§ 501-521; the Robert T. Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. §§ 5121-5207; National Security Presidential Directive (NSPD)-51/Homeland Security Presidential Directive (HSPD)-20, Federal Continuity Directive (FCD)-1; and FEMA Directive 262-3 authorize the collection of this information.

Purpose: FEMA is collecting this information to ensure that the Emergency Notification System (ENS) has the most current personal contact information for emergency responders in the event of a man-made disaster, a natural disaster, or planned exercise.

Routine Uses: FEMA will use this information to send notifications, alerts, and/or activations and to relay critical updates and guidance to DHS personnel, other federal departments, and other agencies or non-governmental organizations in response to an emergency scenario or exercise.

Disclosure: Furnishing this information is voluntary; however, failure to provide accurate information may delay or prevent the individual from receiving notifications in the event of an emergency.

By Cassidian Communications

-  **Contacts** is an 'electronic address book' of people that can receive notification messages through one or more devices in a scenario activation.
-  **Groups** is used to build categories of people to be notified in a scenario activation.
-  **Messages** is used to create the information to be delivered to each device type (e.g., phone, email, fax, etc.) in a scenario activation.
-  **Scenarios** is used to develop, activate or schedule notifications for specific events or situations.
-  **Reports** is used to access the complete history of scenario activations, providing documented results for every notification.
-  **Settings** is a 'specialized system toolkit', only accessible by administrator(s), that is used to manage pager services, define custom fields, maintain security users, manage logins, administer departments and define security requirements for user passwords.
