I. Funding Opportunity Description

Purpose of Program: The purpose of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program is to promote academic achievement and to improve results for children with disabilities by providing technical assistance, supporting model demonstration projects, disseminating useful information, and implementing activities that are supported by scientifically based research.

Priority: In accordance with 34 CFR 75.105(b)(2)(v), this priority is from

allowable activities specified or otherwise authorized in the statute (see sections 663 and 681(d) of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. 1463 and 1481(d)).

Absolute Priority: For FY 2013 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Center on Dispute Resolution.

Background:

IDEA includes procedural safeguards that are designed to protect the rights of children with disabilities and their parents and to provide parents with mechanisms for resolving, at the earliest point in time, disputes with those who provide services to children with disabilities (State educational agencies (SEAs), local educational agencies (LEAs), schools, Part C State lead agencies, and early intervention service (EIS) providers). The procedural safeguards include the opportunity to seek a timely resolution of disputes about any matter relating to the provision of a free appropriate public education to an eligible child or of appropriate early intervention services to infants and toddlers with disabilities. Thus, IDEA encourages constructive relationships between parents of children with disabilities and those who provide services to children with disabilities by facilitating open communication between the parents and these entities and encouraging early resolution of disputes so that disagreements do not escalate and become adversarial. IDEA's dispute resolution procedures include provisions for State complaints, mediation, due process complaints and due process hearings, and resolution sessions, as described below.

State Complaints. IDEA's State complaint procedures permit parents and other interested individuals or organizations to file a complaint with the SEA or Part C State lead agency to seek resolution of any alleged violations of IDEA. The goal of the State complaint procedures is to resolve disputes while avoiding costly or time consuming due process hearings (71 FR 46600—Part B regulations; 76 FR 60214–60216—Part C regulations). The State complaint procedures provide an important means of ensuring that the educational or early intervention needs of children with disabilities are met (71 FR 46601; 76 FR 60214–60216).

Mediation. In response to increasing numbers of due process hearing
